Proposal: Erection of residential development of 6 no. two bedroom dwellings with associated external works

Applicant: Wokingham Housing Limited

The Committee received and considered a report about this application, set out in Agenda pages 9 to 34.

the alternative access for construction vehicles could not be used. The Head of Development Management and Regulation advised Members that problems arising during the construction phase of a development were not a material consideration and not a valid planning reason for refusing the development.

Members felt that the applicant, Wokingham Housing Ltd should be encouraged not to bring forward applications before problems have been resolved.

RESOLVED: That application F/2014/2611 be approved, subject to the conditions set out on Agenda pages 18 to 23, with condition 12 amended as set out in the Members' Update.

17. APPLICATION NO: O/2015/1056 - CARNIVAL POOL, SOUTHGATE HOUSE, THE BIG APPLE, WELLINGTON ROAD, WOKINGHAM

Proposal: Part redevelopment and part retention and refurbishment of existing buildings to provide a mixed use leisure led development at the Carnival Pool facility and adjoining land, including Class D2 Assembly and Leisure, Class B1(a) Office) B1(b) Research and Development, C3 Residential and complimentary Retail (Class A1, A2, A3, A4, A5), and construction of a new multi-storey car park and new public spaces, as part of the regeneration of Wokingham Town Centre.

Applicant: Wokingham Borough Council

The Committee received and considered a report about this application, set out in Agenda pages 35 to 120.

The Committee was advised that following concerns raised, a revised plan had been received showing the retention of some of the group of trees along the boundary with the railway, and that the Members' Update included details of:

Please note: amendments were made to these minutes at the meeting held on 19 August 2015.

Members commented on various issues that did not form part of this application, but would be resolved in the reserved matters application, yet to be submitted.

Concerns were expressed that the existing trees along the boundary with the railway should be retained as far as possible and strengthened to provide screening of the bulk of the car park building to mitigate the impact on the occupiers of the houses in Oxford Road. In response to further concerns, Officers confirmed that an alternative will be provided for the Cadets venue facility.

Members acknowledged that the carpark building was large and bulky, but felt that the level of parking spaces being provided was needed to replace those lost elsewhere in the town and to provide for the increased uses on the site, and that this was an appropriate location.

RESOLVED: That application O/2015/1056 be approved, subject to the conditions set out on Agenda pages 37 to 54, with conditions 4, 12 and 36 amended as set out in the Members' Update.

It was noted that Members had visited the site in relation to a previous application.

the occupancy can be monitored. There are currently discussions with the owners of the site to improve facilities overall including connection to mains drainage.

Applicant: Mr D. Evans

The Committee received and considered a report about this application, set out in Agenda pages 147 to 184.

The Committee was advised that the recommendation had been changed to include a requirement for a S106 Legal Agreement to secure the permanent use of the land to the rear of the proposed dwellings as open land, details of which were set out in the Members' Update. The Update also included clarification on proposed house sizes; and whether the land could be considered as previously developed land.

John Anderson, representing Swallowfield Parish Council, spoke in support of the application.

Garth Pearce, local resident, spoke in support of the application.

Councillor Stuart Munro, Local Ward Member, expressed his agreement with the Parish Council's and resident's comments.

It was noted that Members had visited the site on Friday 17 July 2015, to view the site in the context of the street scene and wider character of the area.

Members were reminded that the application was in outline with only the means of access to be considered. All other details would be subject to a reserved matters application; although an illustrative layout has been provided and ecological improvements suggested, such as the balancing pond and the large open area.

It was noted that there is an extant planning permission which could still be fully implemented for a garden centre, with un-restricted Class A1 use. This permission has been part implemented by the creation of the access and a large area of hard standing. The applicant indicated informally that, if approved, it is intended to go ahead with the residential development, rather than the garden centre proposal.

Members noted the strength of the local support for the proposed development of three dwellings on the site, which, coupled with the ecological/landscape and surface drainage

Please note: amendments were made to these minutes at the meeting held on 19 August 2015.

improvements proposed, are considered to be less harmful to the countryside than a fully developed garden centre.

Applicant: Wokingham Borough Council

The Committee received and considered a report about this application, set out in Agenda pages 185 to 120.

The Committee was advised that the Members' Update included clarification on the size visibility and function of the proposed sheds.

Members were reminded that permission was granted in 2013 to extend the site, which is in the Green Belt, to provide an additional 10 pitches, although no additional storage facilities were included. The proposal will provide sheds of uniform design for the storage residents' personal and business equipment. This provision will prevent the erection of unauthorised structures.

Clarification was given that although the side extension came up to the boundary wall, there would be no terracing effect because the house is detached and on a corner plot.

RESOLVED: That application F/2015/1187 be approved, subject to conditions set out on Agenda pages 203 and 204.

22. QUARTERLY ENFORCEMENT MONITORING REPORT
