WOKINGHAM BOROUGH COUNCIL Internal Audit & Investigation 2023/24 Quarter 1 Progress Report (to 30 June 2023)

2023/24 Internal Audit and Investigation Plan

The purpose of this report is to present to the Audit Committee (AC) the progress in delivering the 2023/24 Internal Audit and Investigation Plan to the end of Quarter 1 of the financial year as part of our regular reporting and the key findings from our work. This is to ensure that the AC discharges its responsibilities in relation to governance, internal control and risk management.

The report includes areas of significant risk identified during our audit reviews and mitigating actions to address those risks. In addition, a summary of the Action Tracker to give Members of the Audit Committee assurances that concerns are being addressed and followed up regularly.

The internal audit programme of work aims to provide sufficient and appropriate coverage to enable the Head of Internal Audit and Investigation (fulfils the role of Chief Audit Executive) to provide an annual internal audit opinion on the Council's governance, internal control and risk management framework.

Summary

The Audit Committee (AC) approved the 2023/24 Internal Audit and Investigation Plan and Strategy at its meeting on 13 March 2023. The Plan continues to remain flexible as the Council responds to its changing risk profile. Any significant changes to the approved Plan will be reported to AC.

This report is provided as part of the quarterly reporting mechanism to AC and is to note the progress of the Team's work as at 30 June 2023.

<u>Appendix A(I)</u> lists the audits completed, at draft stage or work in progress in the period to 30 June 2023, as well as the Audit Opinion given for each review. Completed internal audit assignments are given an 'overall Internal Audit Opinion rating, with '1' being the highest category of audit assurance and '4' the lowest. Audit Opinion definitions are summarised at <u>Appendix A(II)</u>.

For those audits falling into the lower two categories of audit opinion, a summary is provided within this report and copies of the respective Internal Audit reports are provided to the Chair of the AC.

Follow up work is undertaken on all audits attracting the lowest two categories of audit opinion and on those concerns categorised as being Very High or High risk. This report also summarises the activity in regard to fraud and irregularities.

The work undertaken during the period contributes to informing the Head of Internal Audit's annual overall opinion on the Council's internal control, governance and risk framework, as required under the Public Sector Internal Audit Standards.

Internal Audit and Investigation Plan Status

<u>Appendix A(I)</u> shows the Internal Audit and Investigation Work Plan status as at 30 June 2023. This details audits finalised, at draft report stage or in progress. In addition, the overall category of Audit Opinion given for each audit. Where audits have received the lower two categories of Audit Opinion (refer Appendix A(II)) for definitions), a summary is provided within the Progress Report and a full copy of the respective reports is provided to the Chair of the Audit Committee.

As part of the annual Internal Audit and Investigation Plan, we aim to cover a number of Key Corporate Risks to the Council each year. The table opposite details all of the Councils Key Corporate Risks (as at June 2023 – last review) and highlights progress on those being audited during this financial year. The aim is that there is a link of the Internal Audit work directly into the Corporate Risk Register (CRR). This will build over time. There is also flexibility in the Internal Audit Plan to reflect new risks coming into the CRR and those being reduced in risk status or removed from the CRR.

The results of follow up activity are also included within this report and also any audits where there are outstanding responses from management to draft reports. We are currently on track to deliver the 2023/24 Internal Audit and Investigation Plan.

Follow Up Activity

An Action Tracker is maintained to record all High and Medium concerns identified during our audit reviews. Low risk concerns are reported to management verbally at the exit meeting. The Action Tracker is shared with the Chair of the Audit Committee.

The graph opposite and table below show total concerns and follow up activity for High-Risk concerns. At the time of reporting, all high-risk concerns due to be followed up have been confirmed and verified as being actioned by their due date with evidence to support this.

Category 3 / 4 Audit Opinions

For reporting to Audit Committee, we provide a summary of audits falling into the lowest two categories of Audit Opinion. Directors help inform the Audit Plan and, as part of that, ask Internal Audit to focus on areas that require more intense scrutiny to help them make improvement. Where audits do fall into the lower two categories of Audit Opinion this may be a reflection of the Audit Plan being targeted at the highest risk areas.

Full copies of audits falling into the Category 3 or 4 Audit Opinion are provided to the Chair of the Audit Committee.

In the first quarter, one audit has been finalised (2022/23 Right to Buy Scheme), that has attracted the third category of audit opinion and this has been shared with the Chair of the AC.

Category 3 Audit: 2022/23 Right to Buy Scheme

This audit focused on the Right to Buy Legislation and Good Practice guidance that is recommended to be in place for local authorities to comply with. There were 23 concerns identified, 1 of which is a high risk concern and 22 are medium risk concerns. The high risk concern which resulted in this category of Audit Opinion being given related to Policy as governance is weakened and legislation may not be followed if there is no Right to Buy Policy in place.

Management has agreed to create a policy for internal use to ensure the Government Legislation continues to be adhered to, plus there are additional measures formalised within the policy to protect WBC and its assets.

There will also be a Policy Statement published to Tenants to show what they should expect from the council and what we expect from them, all the way through the process – following the policy above and Government Legislation. Management has requested advice and support from Internal Audit on how to bring in changes to the current process to enhance it using their specific skills.

Medium concerns mainly relate to non-compliance with Right to Buy Legislation or central government guidance including good practice. This has contributed to the overall audit opinion awarded. However, there were also a few concerns that related to governance, including Tenants Charter, Risk Management, Written Procedure Notes and Controls Fly Sheet, Application Approval Process and Performance Management.

Fraud and Irregularities

The Internal Audit and Investigation Plan includes provision for undertaking reactive and proactive investigations.

There have been no incidences of material fraud, irregularities or corruption discovered or reported during the year. The work undertaken by the team has included re-active investigations as well as developing pro-active antifraud drives. A summary of the key areas activity since we last reported is provided here.

Anti-Fraud Activities

National Fraud Initiative Data Matching Exercise – The National Fraud Initiative (NFI) data matching exercise conducted by the Cabinet Office to assist in the prevention and detection of fraud has been completed and the results are as reported to this Audit Committee on 30 March 2023.

Whistleblowing – There have been 4 Whistleblowing cases received by the service up to the date of this report, of which 3 have been resolved and 1 is outstanding. Progress on the outstanding whistleblowing case is being monitored by the Internal Audit and Investigation Service.

Police DPA requests - These requests are received on an ad-hoc basis and require immediate response to ensure that we are working efficiently with the Police for the prevention and detection of crime, the prosecution and/or apprehension of offenders and/or protecting the vital interests of a person. From 2023-24 quarter 2, this work has been transferred over to the Information Governance and Data Protection Team to centrally co-ordinate.

Freedom of Information / Data Protection Act Requests - We aim to ensure that these requests are responded to within the legal timescale requirements. Freedom of Information requests relating to internal audit and investigation work include fraud and whistleblowing.

Empty Property Review (EPR) – An empty property review commenced in quarter 2, due to be finished by the end of quarter and the results will be reported to this Committee in due course.

Public Sector Internal Audit Standards

The Public Sector Internal Audit Standards (PSIAS), as revised in April 2017, define the service and professional standards for public sector internal audit services.

Compliance is monitored on a regular basis, as part of the review process for individual audits and as part of annual self-assessment reviews of the internal audit service. An external review of the service is required to be undertaken every five years in accordance with the PSIAS.

Compliance with Public Sector Internal Audit Standards

The PSIAS, as revised in April 2017, define the service and professional standards for public sector internal audit services.

Key, specific PSIAS provisions include:

PSIAS: 2010 - "The Chief Audit Executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation's goals."

PSIAS: 2450 – "The Chief Audit Executive must deliver an annual internal audit opinion and report that can be used by the organisation to inform its governance statement. The annual internal audit opinion must conclude on the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control."

The Internal Audit Service is designed to conform to the PSIAS. Under the PSIAS there is a requirement for internal audit services to have an external quality assessment every five years. The last external review was undertaken in 2018, with an ongoing self-assessment exercise being undertaken annually.

An external review of the Service against the PSIAS was undertaken by CIPFA in July 2023 and we are pleased to report that the highest category of conformity has been given, 'Fully Conforms', from the range of CIPFA definitions of 'Fully Conforms (Highest), Partially Conforms, Does Not Conform (Lowest). As such, WBC Internal Audit and Investigation Service has the highest level of conformance according to the definitions and action priorities are at the lowest they can be. A separate report on the External Assessment review has been prepared for this Audit Committee.

CIPFA Statement on the Role of Head of Internal Audit

The head of internal audit occupies a critical position in any organisation, helping it to achieve its objectives by evaluating the effectiveness of governance, risk management and internal control arrangements and playing a key role in promoting good corporate governance. CIPFA has publicised a Statement on the Role of the Head of Internal Audit in public service organisations to help ensure that organisations engage with and support the role effectively.

Compliance with CIPFA Statement on the Role of Head of Internal Audit

In addition to the work undertaken to inform the CIPFA External Assessment against the PSIAS, a self-assessment against the CIPFA Statement on the Role of the Head of Internal Audit was undertaken by Internal Audit, that was verified by CIPFA and this is referred to in the CIPFA External Assessment report.

This assessment identified minor action points that have been incorporated into the PSIAS Action Plan.

Updates on the implementation of the advisory points from the PSIAS External Assessment and the self-assessment against the Role of the Head of Internal Audit will be reported periodically to the Audit Committee.

Appendix A(I)

2023/24 Internal Audit and Investigation Annual Report (1 April 2023 to 30 June 2023)

Key Corporate Risks

Audit title	Directorate	Status	Final audit report opinion
Budget & Financial Resilience (Key Corporate Risk 1) comprising:-			
 Compliance with CIPFA Financial Management Code (Follow Up) (Key Corporate Risk 1) 	Resources & Assets		
- Capital Monitoring	Resources & Assets	WIP	
- Debtors Key Financial System	Resources & Assets		
- Creditors Key Financial System	Resources & Assets	WIP	
- Reconciliation Follow Up	Resources & Assets

Audit Opinions	
1 - Complete and Effective	
2 - Substantially Complete and Generally Effective	
3 - Range of Risk Mitigation Controls is incomplete, and risks are not	effectively mitigated
4 - There is no effective Risk Management process in place	

Legend

5
C – Certification
E – Exempt
WIP – Work in Progress
Draft – Draft Report stage
Final – Final Report issued

Appendix A(II)

Audit Opinion Definitions

The Audit Opinion stated in the audit report provides management with a brief objective assessment of the status of current Treatment Measures which have been put in place to reduce identified risks to the operation or strategy under review. It is not a statement of fact.

In reaching the Audit Opinion for this audit, the majority of the criteria for the relevant definition apply.

Complete and Effective

٠

٠

- All necessary Treatment Measures are in place and are operating effectively.
- Residual risks have been reduced to an acceptable level
- There are no unacceptable financial implications.
- Concerns reported are minor.

(Risk management processes are strong, and controls are adequate and effective).

Substantially Complete and Generally Effective

- Most key Treatment Measures are in place, and these operate effectively.
- The majority of residual risks have been reduced to an acceptable level.
- There are minor unacceptable financial implications.
- The majority of concerns are of a predominately moderate impact/likelihood.

(Risk management processes are good, and controls are adequate although only partially effective).

Range of Risk Mitigation Controls is incomplete, and risks are not effectively mitigated

- Not all key Treatment Measures are in place and / or do not operate effectively
- Residual risks have not all been reduced to an acceptable level
- There are some unacceptable financial implications associated with more than one risk mitigation control or because of a lack of risk mitigation control.
- There are a number of concerns that are predominantly of a major impact/likelihood.

(Risk management processes and controls are adequate but not effective in mitigating the identified risks).

There is no effective Risk Management process in place

- There are no appropriate Treatment Measures in place.
- Residual risks remain at an unacceptable level
- Reported concerns are predominantly of a catastrophic or major impact/likelihood.

(Risk management processes and controls are weak).
