Priorities for Next Qtr / Stated Period

Health Inequalities

- SOP to be completed
- Induction programme to be in place prior to 18<sup>th</sup> March
- Training to deliver NHS health Checks and influencing skills (Reading University and Get Berkshire Active to be confirmed).
- Initial mobilisation plan to be established, venues, invitation to residents, pilot sessions,
- Shadowing / signing off skills on going clinical supervision (RBH / PCNs)
- Further work to clarify possible input into LD checks
- Look at any learning from previous PH community initiatives and SMI health check service

Risks

Programme	Description	Mitigation	RAG
HI	Delivery of training Programme, due to availability	Discussions with partners on alternatives (RBH / PCNs)	

Specific Equality, Diversity, Inclusion and Health Inequalities Work to highlight ; Good Practice/ Lessons Learnt / Event / Initiatives etc.

- Started working with the Gurdwara to locate health checks as a part of their ‘Friends of the Gurdwara’ Initiative.
- Working with “Share” following pilot “meet Peet” at Norreys, agreed will do site visits across the Borough (all deprivation hot spots and cover all PCNs)
- The LD Health Checks Project is close to data analysis, we are also looking to draw on lessons learned from the CLASP health check project, to ensure that the new service implements learnings.
- Met with AgeUK Berks who lead the carers alliance, so can reach carers

Vaccine / PHM / Prevention/ Health Inequalities Support Requests

- More detail around support across the system in terms of identifying residents and clinical supervision / oversight of the team

Agenda Item 54.
