FOR CONSIDERATION BY Admissions Forum on 14 June 2011

REPORT PREPARED BY Sue Riddick

SUMMARY

The purpose of this report is to provide the School Admissions Forum with an update on numbers in schools by year groups and in-year admissions

RECOMMENDATIONS

Members of the Forum to note the information.

SUPPORTING INFORMATION

The appendices to this report give numbers in each school by year group and are taken from the census which took place on 19 May 2011.

Secondary	Moves to the area	11
	Transfer	21
	Received from other authorities	1
	Moves out of Borough	4
	Total	37

Figures quoted for transfers, includes children moving schools that either do not require a house move or require a local house move within the Borough.

Figures quoted for moves to the area include children moving to the Wokingham Borough including moves from abroad and service families.

Co-ordination between local authorities was introduced for applications from September 2010 requiring parents to apply to their home local authorities. Prior to this date parents applied to the school or local authority in which the school is situated.

Where a parent can provide evidence of a move to the Borough, an application can be made direct to Wokingham Borough Council in accordance with the in-year co-ordinated admissions scheme.

School Places

The year group numbers are given in the appendices to this report and are colour coded to reflect the schools and year groups that are particularly under pressure. Lower Earley in particular is under pressure in the majority of year groups and current years 9 and 10 in secondary.

Whilst information is not available from the census related to places at Maiden Erlegh School, the School Admissions Team record that the school is full in all year groups.
