Rachelle Shepherd-DuBey has asked the Executive Member for Planning and Highways the following question:

**Question**

I have been informed that the second part of the Loddon Viaduct repairs on the westbound carriageway are to be delayed. When the work took place last year during the school summer holiday period, this council stated that this was a major maintenance project that had to be done and was very complex and necessary. Can you be certain that by taking a decision to delay the work probably for a further year, you are not putting people's safety at risk?
