The role of Overview and Scrutiny is to provide independent “critical friend” challenge and to work with the Council’s Executive and other public service providers for the benefit of the public. The Committee considers submissions from a range of sources and reaches conclusions based on the weight of evidence – not on party political grounds.

This meeting may be filmed for inclusion on the Council’s website.

9.		MEMBER QUESTION TIME To answer any Member questions.	
9.1		Gary Cowan has asked the Chairman the following question: Wokingham Borough Council in a press release on the 26 th May stated that it is working hard to monitor the impact that Covid-19 is having on the local Black and Minority Ethnic (BME) community. Evidence continues to emerge that the pandemic could be having a disproportionate impact on our BME communities with a higher proportion of Covid-19 deaths reported.	

I very much welcome this very positive initiative so my question therefore is:

As Wokingham Borough Council must have access to Covid-19 information for all Wokingham's affected residents to be able to monitor its impact ranging from those with the disease including those who recovered, those who sadly passed away either in Hospitals, Care Homes or at home, is it possible to publish a Borough Map showing areas where there are virus spikes as other authorities/countries have done?

9.2 Lindsay Ferris has asked the Chairman the following question:

How many residents of Wokingham Borough are known to have caught Covid-19, and of this total, how many have unfortunately died?
