42.1	None Specific	Rachel Bishop-Firth has asked the Chairman of the Wokingham Borough Wellbeing Board the following	

question.

Question

The British Medical Association resolved in September that more needed to be done to ensure equality of medical treatment for BAME and for transgender people in the UK.

16.4% of WBC residents are BAME, and government estimates suggest we can expect somewhere between 500–1,300 of our residents to be transgender. Failing to appropriately meet healthcare needs of minority populations can have serious effects on both physical and mental health, as we've seen recently with the much higher death rates of BAME people during the Covid pandemic.

I am hearing that BAME and transgender residents are experiencing issues as their healthcare needs are not always well understood by healthcare professionals leading to problems with them getting the healthcare that they need.

With this in mind, how do we in Wokingham Borough plan to respond to this BMA resolution – by, for example, consulting with these communities on how we can improve the way that their physical and mental healthcare needs are met; by bringing our healthcare professionals into this dialogue; and by continuing as a Council to monitor how well these residents are supported?

42.2 None Specific

Gary Cowan has asked the Chairman of the Wokingham Borough Wellbeing Board the following question.

Question

With respect to agenda item 43, can I add my thanks and also the thanks from the residents of Arborfield to the agenda item on page 26 Appendix A - Responses - Examples of Where Services Worked Particularly Well, page 10

My question is with respect to agenda page 27 Appendix B - Responses - Where Services Could Have Worked Better, page 11; is there a formal action plan designed to look at how these issues can be improved?
