Subject: Licence granted to Open Water Swimming Ltd at Temple Island Meadow, Remen...
Importance: High

Dear Ms Bowker

I thank you for your notification of 19 May 2016 where on page 5 you state:

The legal adviser to the sub-Committee clarified that the cumulative law referred to by John Halsall did not apply in this case as Wokingham Borough Council had not adopted a 'cumulative impact policy'.

a) With this in mind could you please confirm the procedure required in order to seek the consideration and possible adoption by Wokingham Borough Council of a cumulative impact policy to cover any future licence applications relating to the riverside land in the Parish of Remenham from Henley Bridge to Temple Island.

b) Following on from this could you also confirm all the Premises Licence Numbers (i.e. PR0258 etc) that are in existence relating to this same area of land as this information will assist in formulating any request that may be made by ourselves regarding the possible adoption of a cumulative impact policy for this riverside land.

I look forward to hearing from you.

Kind regards

Michael Dudley
