

**WOKINGHAM
BOROUGH COUNCIL**

Proposed local co-ordinated in-year admissions scheme for community and voluntary controlled primary and secondary schools and own admission authority schools (where there is agreement to do so) in the Wokingham Borough

2018/2019

Introduction

This is the proposed scheme for the local co-ordination of in-year admissions for the 2018/2019 academic year across the Wokingham Borough. Whilst there is no requirement in the School Admissions Code to co-ordinate in-year applications, a local co-ordinated scheme will be in operation for community and voluntary controlled schools for which the local authority is the admissions authority and for own admission authority (e.g. Academy or voluntary aided) schools where there is an agreement to do so.

Where own admission authority schools do not wish to be part of the Wokingham Borough Council co-ordinated scheme, a single preference common application will be produced for completion by parents for schools outside the scheme to enable parents to apply direct to the preferred school and those schools will be required to notify the School Admissions Team of both the application and its outcome, advising parents of their right of appeal against any refusal of a place.

Own admission authority schools may currently be consulting on any changes to their admission arrangements and all own admission authority schools will determine policies indicating whether they require applications direct to the school or as part of the co-ordinated scheme via the local authority.

In-year admission arrangements

This scheme applies to applications for Wokingham Borough schools included in the scheme. Parents who are moving to the Borough should provide documentary evidence of a move to the borough e.g. exchange of contracts, signed rental agreement or posting order in the case of service families or an official letter notifying relocation date for Crown servants. It applies to the admission of a child to a relevant age group where it is submitted on or after the first day of the school year of admission or for the admission of a child to an age group other than a relevant age group.

For schools within the Wokingham Borough, a relevant age group means:

- children transferring from primary to secondary school into year 7
- children transferring from infant to junior school into year 3
- children starting school in foundation two (F2) Reception

The scheme does not apply to:

- admission to school sixth forms
- admission to nursery or foundation stage units into foundation one (F1)
- middle school or years 9 or 10 transfers

Responsibility for admission to school sixth forms or admission to nursery or foundation stage units for foundation one (F1) has been delegated to community and voluntary controlled schools, although a model policy will be provided by the council for community and voluntary controlled schools' use.

Applications for middle schools (with an entry age before 11) will be treated the same way as primary school transfer. Applications for upper schools (years 9 or 10 - with an entry age after 11) are to be treated the same way as the secondary transfer. Separate application forms will be made available.

Timing of applications

Applications will be considered **half-a-term** in advance of the place being required. For entry to school at the start of term or half-term, an application will need to be received by the School Admissions Team, 15 school days in advance of the commencement date. Any applications received in advance of this will be held on file until the appropriate time, with the exception of Crown service, service families or look-after children.

It is our intention that all applications should be processed and the outcome of the application made within 20 school days from receipt of the application. This is subject to confirmation, if applying for an own admission authority school that a place can be offered, whichever is the latter. Allocation or refusal letters will be sent by second class post.

Applications

Applications must be made using the Wokingham Borough application form to apply for schools within the borough. The common application form is available on request or can be downloaded at: www.wokingham.gov.uk/admissions. An online application facility is available for parents to apply via the council's website. An application form allowing a single preference will be available for own admission authority schools outside the scheme.

Parents may express up to **four** preferences for schools within the scheme, listing those preference in ranked order and giving their reasons for those preferences.

Where a place is available for a child at more than one school, Wokingham Borough Council will offer a place at whichever of these schools is their highest preference.

The School Admissions Team will pass on applications and any supporting information provided by the parent for any own admission authority schools within the scheme to their governing bodies so that they can make a decision about the application. The governing body should make decisions regarding applications within five school days of receipt. The governing body will then inform the School Admissions Team who will advise the offer or refusal on their behalf. There may be a delay during school holiday periods as the school may not be contactable.

Where own admission authority schools within the scheme receive an application direct from a parent, the school must forward to the School Admissions Team details of any application made, together with any supporting information provided by the parent (regardless of whether the parent making the application resides in that authority's area) together with the school's decision to that application in order that the response is made on the school's behalf to the parent.

Each preference will be considered against the admissions authority's oversubscription criteria if necessary and, where more than a single school place could be offered, the place will be offered for the highest ranked preference.

Where applications are refused, parents will be advised of their right of appeal. Where a place has been refused by Wokingham Borough Council or for schools, who are their own admissions authority within the Borough, reference must be made to the Council's website for details on how to appeal.

A place will be offered at an alternative school (the designated area school or most accessible school with places available) where the parent can provide evidence of their move to or within the Wokingham borough, and parents will be advised of their right of appeal for their preferred school(s). No offer of an alternative school place will be made where no change of address is made, unless requested to do so.

Out of Borough applications

Wokingham Borough Council will not accept applications from other local authorities where their resident applies direct to them. Applications must be made direct to Wokingham Borough Council on its in-year application form. Where further information is required to support the application, liaison will take place direct with the parent. Wokingham Borough Council will respond to the parent, in writing, the outcome of their application. If the place is declined, the parent will be advised of their right of appeal.

Where parents are moving out of the borough; parents should apply direct to that local authority or to the individual school concerned depending on the arrangements in place in that area.

Additional information to support applications

Where an applicant is proposing to move to the Borough, evidence will be required to support their application e.g. signed rental agreement or exchange of contracts, families of service personnel or an official letter notifying relocation date for Crown servants, families applying from abroad or from areas of the country other than England. Evidence may also be required of the disposal of the previous property (particularly where the home address is within 20 miles of the borough).

Additional information will be required for applicants applying from abroad to verify right of abode (e.g. entry visa and passport details). It should be noted that a child moving from overseas with a right to live in the UK with parents may attend a maintained school. This does not apply where the stay is so short (e.g. less than six weeks) that it would not be practical for the child to attend school (e.g. holidays or short visits).

Supporting evidence will be required to meet some oversubscription criteria, please see the notes to each criterion for further information.

For own admission authority schools within the scheme, supplementary information forms (SIFs) may be required to support an application. SIFs are available for download at: www.wokingham.gov.uk/admissions or the school's website. Alternatively, the forms are available on request from the school. SIFs must be returned direct to the school concerned and the application made to Wokingham Borough Council. It is the responsibility of parents to determine whether a SIF is required to support an application and to complete and return in accordance with the published arrangements of that admissions authority.

To determine and support applications made under Fair Access Protocol; the current school may be requested to provide further information. Where requested, the school is asked to advise the School Admissions Team within three school days of the request for information.

Receipts for/acknowledgements of applications

The School Admissions Team will acknowledge receipt of applications, provided parents have completed **and stamped** the acknowledgement card. If you require any further receipts for information provided, please attach a stamped addressed envelope to that information.

An acknowledgement is automatically sent for applications made online and can be sent for those who apply via email.

Offers

On receipt of the application, consideration will be given to all school preferences and where potentially a place can be offered at more than one school preference, the single offer will be for the school ranked highest.

The offer of a place in a Wokingham borough school must normally be taken up within the declared half-term. Failure to take up the offer of a place during this time will mean that the offer is withdrawn and the place released. Exceptions can only be made where the parent provides documentary evidence that the delay is unavoidable, through no fault of their own, or in the case, of Crown service, service families or looked-after children.

In accordance with the School Admissions Code, admission will be deferred to the start of a term or half-term for the following categories of in-year admission:

- those that do not require a house move
- those where there is no reasonable need for an immediate move
- those allocated from waiting lists

It is envisaged that children normally would be admitted to school during a school term in the following circumstances only:

- a) those applying as a result of a house move i.e. unable to take up a place earlier due to living at a distance from the school
- b) those applying and unable to take up a place earlier due to ill health or other reasons beyond parents' control
- c) applications under the Fair Access Protocol

The benefit of moving to the admission of children to the start of term or half-term is to minimise the disruption to their own and other children's education.

Places will be offered on the basis of the child's chronological age. Where a child is in a different year group and not already attending a Wokingham Borough maintained school, supporting documentation will be required from the child's current school giving reasons for this for consideration by an admissions panel. (See page 16 - Children working out of the normal year group). Places can only be allocated to children working outside their normal year group with the consensus of the receiving school.

It is recommended that parents refer to the relevant admissions' authority's literature to understand how places are allocated and the process for handling their application prior to applying for a school place. For places in the Wokingham borough, a Parent's Guide will be issued on request and will also be available at: www.wokingham.gov.uk/admissions.

Acceptance of school place

The offer letter will inform parents that they are required to accept or decline the place offered within 14 days from the date of the letter. Failure to accept the place offered will result in one further written reminder and failure to respond within the required timescale will result in the offer being withdrawn.

Any offer of a school place will be made to start during the current half-term or during the next half-term. Failure to start within this timescale will result in the offer of a school place being withdrawn.

The letter of offer will specifically request parents to advise the School Admissions Team if the place is not being accepted for any reason. If the child is living in the Wokingham borough and the parent is not accepting the offered place they should advise what alternative arrangement has been made for the child.

Availability of school places

Parents may express a preference for up to **four** schools within the scheme and consideration will be given to each preference. It should be noted that where parents apply in-year, this means that places are being sought for year groups that have been allocated during the general transfer rounds:

- primary to secondary (moving from year 6 in a primary school to year 7 in a secondary school);
- infant to junior (moving from year 2 of an infant school to year 3 of a junior school) and
- Starting school into Foundation 2 (F2) Reception.

Each of these transfer groups have their own admissions schemes, with deadlines for the receipt of applications and a date on which offers of places will be made. Details of these transfer groups are available at: www.wokingham.gov.uk/admissions.

Wokingham Borough schools are popular so it is likely that a preferred school may be full. It is recommended that parents express more than one preference in order to maximise the extent to which preferences can be met.

Places cannot be held open for those applicants moving to a school's designated area and **there is no guarantee** that a place will be available at preferred schools.

It is advisable to contact the School Admissions Team prior to any house move to determine where there are school places and to verify the new home address' designated area, if this is important to you. It should be noted that the information given is only current on the date you contact us and is subject to change as applications are received on a daily basis or places allocated from waiting lists. Designated areas may change through the annual consultation and determination of admission arrangements.

As the local authority must, on request, provide information to a parent about the places still available in all schools within its area; all schools within the Wokingham borough are required to advise the School Admissions Team when places become available and the numbers on roll on a monthly basis.

Confirmation of school designated areas for each address in the Wokingham borough is given at: www.wokingham.gov.uk by visiting the 'find my nearest' section from the front page, keying in your address and scrolling down to the 'education and youth' section.

Admission numbers

Each school has a published admission number for each year group, which limits the places that can be offered and all admissions are subject to places being available, this will be published in the Parent's Guide to In-year School Admissions.

The limits are set on admission numbers, taking into account the school's net capacity and/or suitability of accommodation, and are designed to ensure that children receive an 'efficient and effective' education.

We are unable to allocate over a school's admissions number as too many children being admitted to a particular school could lead to overcrowding or pressure on facilities and other resources. The only exception is made where places are allocated under the Fair Access Protocol. The Fair Access Protocol includes:

- Young people at risk of or at permanent exclusion
- Managed transfers between secondary schools
- Managed transfers between primary schools
- Children at particular risk of missing education known as "vulnerable children"

The Fair Access Protocol is agreed with the majority of schools locally and any changes will be consulted on with schools within the Borough separately.

Details are available at: www.wokingham.gov.uk/admissions or copies of the protocols may be obtained on request to the School Admissions Team.

At Key Stage 1 (F2, Year 1 and Year 2), legal limits have been imposed on the size of infant class sizes, for these children the maximum class size is 30 to one qualified teacher. The Fair Access Protocol cannot apply in this instance except for the operation of waiting lists.

Oversubscription criteria (categories for admission) for community and voluntary controlled Primary Schools

Children with statements of special educational needs or an Education, Health & Care Plan that name a school in the statement or plan are required to be admitted to the school that is named. The governing body does not have the right to refuse admission.

Reference should be made to own admission school admission policies to understand the basis on which an application would be considered – these will be available on the school websites or at www.wokingham.gov.uk/admissions.

The following oversubscription criteria in order of priority will be applied when a **community** or **voluntary controlled** school receives more preferences than places available. All preferences will be treated on an equal basis.

- A** 'Looked after children and children who were looked after, but ceased to be so because they were adopted or became the subject of a child arrangements order or special guardianship order' (previously looked after children) (see note 1).
- B** Families who have exceptional medical or social needs as the grounds for their child's admission to a particular school (see note 2)
- C** For junior school applications to transfer to year 3; children who are attending the infant school with close links with the junior school by the deadline for applications

Junior school	Linked infant school
Emmbrook Junior School	Emmbrook Infant School
Gorse Ride Junior School	Gorse Ride Infant School
Oaklands Junior School	Oaklands Infant School
Polehampton CE Junior School	Polehampton CE Infant School
Robert Piggott CE Junior School	Robert Piggott CE Infant School
St Pauls CE Junior School	Walter Infant School
Shinfield St Mary's CE Aided Junior School*	Shinfield Infant School

Westende Junior School	Wescott Infant School
Willow Bank Junior School	Willow Bank Infant School

*Voluntary aided junior school included for completeness - the school's governing body's admissions policy will apply.

- D** Children whose permanent home address is **inside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school. (See notes 3, 4 and 5)
- E** Children whose permanent home address is inside the schools' designated area. (See note 3)
- F** Children whose permanent home address is **outside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school. (See notes 4 and 5)
- G** Other children

Note 1

A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function (see definition in section 22(1) of the Children Act 1989).

A previously looked after child is a child who was looked after by a local authority but ceased to be so because they were adopted, or became the subject of a child arrangements order or special guardianship order. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders). It also includes children who have been provided with child arrangement orders (previously known as residence orders) under the provisions of section 14 of the Children & Families Act 2014 which amends section 8 of the Children Act 1989 and children with a special guardianship order appointing one or more individuals to be a child's special guardian under section 14A of the Children Act 1989.

Applications received under the Criterion A must be made by the person with parental responsibility for the child (e.g. the child's social worker, acting on behalf of the local authority for a looked after child) and will need to be supported by the following official documentation, as applicable:

- confirmation by the home local authority that the child is looked after or
- confirmation by the local authority that last looked after the child confirming that the child was looked after immediately prior to the issuing of one of the orders detailed above.

Note 2

When submitting applications under criterion B (exceptional medical or social needs as grounds for a child's admittance to a particular school), this must be supported by written evidence from an independent professional aware of the case relating to the child, parent/carer or other children living at the same address (e.g. doctor, hospital consultant or psychologist for medical grounds or registered social or care worker, housing officer, the police or probation officer for social needs). This evidence must be specific to the school in question; it must show why that school is the

most suitable; what facilities will benefit the child, and why no other school can offer the same support.

Your application cannot be considered if you do not declare that you are applying under this criterion and you do not provide written independent professional evidence. All supporting documentation must be received with the application for consideration prior to the allocation of a place. An admissions panel will consider the supporting evidence provided and will advise the applicant of its decision; the panel's decision is final. Any evidence received later by the school admissions team may if agreed by panel, affect the applicant's position on a school's waiting list.

It should be noted that all schools have the resources to work with special educational needs and common childhood complaints such as asthma or allergies.

Note 3

The designated area for The Coombes CE Primary School has been revised to include a second priority designated area (currently the single designated area for Farley Hill Primary School). Applicants from the first priority designated area and the shared area will be allocated places before those living in the second priority designated area. The tiebreaker will be applied to each area to determine who is allocated a place should there be more applicants than places in either priority areas or the shared area.

Note 4

A sibling is a brother or sister (that is, another child of the same parents, whether living at the same address or not), or a half-brother or half-sister, step-brother or step-sister, adopted or foster children living at the same address.

Siblings attending a school nursery cannot be considered under this criterion.

It includes children who at the time of application have a sibling for whom the offer of a place at the preferred school has been accepted, even if the sibling is not yet attending.

In the case of linked infant and junior schools, the application will be treated as meeting criteria D or F if the child's sibling is expected to be at either of the two schools at the time the child would enter the school. At the initial allocation, when a parent is applying for a Reception place at an infant school that has both a feeder and a sibling link to a junior school and that child has a sibling currently attending Year 2 of the infant school but who will have left by the time the younger child starts, the Reception applicant will be considered under the sibling criterion as part of the initial allocation. This is because, due to the feeder link, they will be expected to still have a sibling at the linked junior school at the time of admission and the parent would have made an application expressing their preference to do so.

Note 5

Occasionally a parent with more than one child can express a preference for their designated area school(s) for the older child, but the local authority is unable to meet this preference. The local authority will then allocate a place at a lower ranked preferred school or the closest available school with places. In this case, the parent may then prefer to send younger sibling(s) to the same school as the older child attends. In such instances, the allocated school may be regarded as if it were the

designated area school for subsequent siblings and would be treated as meeting criterion C (sibling resident inside the designated area). Parents must notify the school admissions team at the time of application that they consider this exception applies. Where there is an application for the actual designated area school(s), designated area status would still be applied.

The authority has sought to make the above criteria as objective as possible. However for category B and any other cases where judgement is needed as to which criteria the application meets, a panel of at least two officers will consider the application and supporting evidence. The panel's decision and reasons will be recorded, for the purposes of informing the parent and any subsequent appeal.

Tie Breaker

Priority will be given within criterion **C** (linked infant and junior schools) to children living within the designated area, then siblings, before applying the tie breaker below. For tie breaker purposes within criterion C only, designated area and siblings are defined as in criteria E and F.

Priority will be given within any of the above oversubscription criteria to the applicant whose permanent home address is nearest to the preferred school in terms of radial (straight line) distance. Distances will be measured consistently and will be measured as a straight line between the Local Land and Property Gazetteer (LLPG) address points for the respective home address and school, using the Easting and Northing for each address point. These are then used to calculate the distance, to three decimal points, between the two address points using a 'direct distance mathematical routine' within the Capita ONE system used by the council's School Admissions Team into which the LLPG address points are imported. This calculates the distance from the values created through this process using Pythagoras' Theorem by measuring the distance in metres between the Easting and Northing for each end address point then multiplied by 0.000621317 to convert to miles. It should be noted that this calculation may not be exactly the same as that created by a Geographical Information System (GIS) product as the GIS product may build in a formula to allow for the curvature of the earth. This curvature does not begin to affect distance values until the distance is least 10 miles.

In the unlikely event that two or more children live at the same distance (measured as stated above) from school (including for example, flats within the same building) and there are fewer places available, random allocation will be used to decide which child will be allocated the remaining place(s). This will be by supervised drawing of lots, carried out by at least two Children's Services staff members.

Oversubscription criteria (categories for admission) for community Secondary Schools

Children with statements of special educational needs or an Education, Health and Care Plan that name a school in the statement or plan are required to be admitted to the school that is named. The admissions authority does not have the right to refuse admission.

Preference should be made to own admission school admission policies to understand the basis on which an application would be considered.

The following oversubscription criteria in order of priority will be applied when a **community** or **voluntary controlled** school receives more preferences than places available. All preferences will be treated on an equal basis.

- A** 'Looked after children and children who were looked after, but ceased to be so because they were adopted or became the subject of a child arrangements order or special guardianship order' (previously looked after children) (see note 1).
- B** Families who have exceptional medical or social needs as the grounds for their admission to a particular school (see note 2)
- C** Children whose permanent home address is **inside** the schools' designated area and who has a sibling at the school; who is expected to be attending the school when the child will enter the school (see notes 3 and 4)
- D** Children whose permanent home address is inside the schools' designated area
- E** Children whose permanent home address is **outside** the schools' designated area and who has a sibling at the school; who is expected to be attending the school when the child will enter the school (see notes 3 and 4)
- F** Other children

Note 1

A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function (see definition in section 22(1) of the Children Act 1989).

A previously looked after child is a child who was looked after by a local authority but ceased to be so because they were adopted, or became the subject of a child arrangements order or special guardianship order. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders). It also includes children who have been provided with child arrangement orders (previously known as residence orders) under the provisions of section 14 of the Children & Families Act 2014 which amends section 8 of the Children Act 1989 and children with a special guardianship order appointing one or more individuals to be a child's special guardian under section 14A of the Children Act 1989.

Applications received under the Criterion A must be made by the person with parental responsibility for the child (e.g. the child's social worker, acting on behalf of the local authority for a looked after child) and will need to be supported by the following official documentation, as applicable:

- confirmation by the home local authority that the child is looked after or
- confirmation by the local authority that last looked after the child confirming that the child was looked after immediately prior to the issuing of one of the orders detailed above.

Note 2

When submitting applications under criterion B (exceptional medical or social needs as grounds for a child's admittance to a particular school), this must be supported by written evidence from an independent professional aware of the case relating to the child, parent/carer or other children living at the same address (e.g. doctor, hospital consultant or psychologist for medical grounds or registered social or care worker, housing officer, the police or probation officer for social needs). This evidence

must be specific to the school in question; it must show why that school is the most suitable; what facilities will benefit the child, and why no other school can offer the same support.

Your application cannot be considered if you do not declare that you are applying under this criterion and you do not provide written independent professional evidence. All supporting documentation must be received with the application for consideration prior to the allocation of a place. An admissions panel will consider the supporting evidence provided and will advise the applicant of its decision; the panel's decision is final. Any evidence received later by the school admissions team may if agreed by panel, affect the applicant's position on a school's waiting list.

It should be noted that all schools have the resources to work with special educational needs and common childhood complaints such as asthma or allergies.

Note 3

A sibling is a brother or sister (that is, another child of the same parents, whether living at the same address or not), or a half-brother or half-sister, step-brother or step-sister, or adopted or foster children living at the same address.

It includes children who at the time of application have a sibling for whom the offer of a place at the preferred school has been accepted, even if the sibling is not yet attending.

Parents may indicate a sibling in year 11 at the school provided it is the intention of the family that the child is due to continue their studies in the sixth form at the school.

Note 4

Occasionally a parent with more than one child can express a preference for their designated area school(s) for the older child, but the local authority is unable to meet this preference. The local authority will then allocate a place at a lower ranked preferred school or the closest available school with places. In this case, the parent may then prefer to send younger sibling(s) to the same school as the older child attends. In such instances, the allocated school may be regarded as if it were the designated area school for subsequent siblings and would be treated as meeting criterion C (sibling resident inside the designated area). Parents must notify the school admissions team at the time of application that they consider this exception applies. Where there is an application for the actual designated area school(s), designated area status would still be applied.

The authority has sought to make the above criteria as objective as possible. However for category B and any other cases where judgement is needed as to which criterion the application meets, a criterion the application meets, a panel of at least two officers will consider the application and supporting evidence. The panel's decision and reasons will be recorded, for the purposes of informing the parent and any subsequent appeal.

Tie Breakers

Living in the designated area does not guarantee a school place as there may be more applications from parents living in the designated area than places available. Where this is the case, the relevant tiebreaker, as explained above, will be applied to decide which of the applicants can be offered places, and waiting list order.

Priority will be given within any of the above oversubscription criteria to the applicant whose permanent home address is nearest to the preferred school in terms of radial (straight line) distance. Distances will be measured consistently and will be measured as a straight line between the Local Land and Property Gazetteer (LLPG) address points for the respective home address and school, using the Easting and Northing for each address point. These are then used to calculate the distance, to three decimal points, between the two address points using a 'direct distance mathematical routine' within the Capita ONE system used by the council's School Admissions Team into which the LLPG address points are imported. This calculates the distance from the values created through this process using Pythagoras' Theorem by measuring the distance in metres between the Easting and Northing for each end address point then multiplied by 0.000621317 to convert to miles. It should be noted that this calculation may not be exactly the same as that created by a Geographical Information System (GIS) product as the GIS product may build in a formula to allow for the curvature of the earth. This curvature does not begin to affect distance values until the distance is least 10 miles.

In the unlikely event that two or more children live at the same distance or additional distance (measured as stated above) from school (including, for example, flats within the same building), and there are fewer places available, random allocation will be used to decide which child will be allocated the remaining place(s). This will be by supervised drawing of lots, carried out by at least two Children's Services staff.

Residency requirements

Home address

Applications are processed on the basis of the child's single permanent home address living with parent(s) or a carer/legal guardian at the closing date for applications. An address will not be accepted where the child was resident other than with a parent or carer unless this was part of a private fostering or formal care arrangement.

Checks will be made to determine whether an address declared on the application form is that of a second home with the main home being elsewhere. If there are two or more homes, evidence will be required as to which is the main home showing that the other property is either let out on a long term rental (6 months plus), that the property is uninhabitable, or that the address is in the process of being sold and the family live permanently in the declared property. This evidence is required to prove where an applicant was living at the time of making the application.

Reference to council tax records will be made to determine a single address for consideration of a place under criteria C or D. It is for the applicant to satisfy the local authority that they live at the address stated.

After allocation, if an applicant moves from the property they have used in their application to another property which is within or nearer to the designated area of the preferred school; the address of the property they originally owned and declared on application will be the address used for determining their designated area, unless this house has been sold or rented out for 12 months prior to the closing date for applications.

Applicants will be asked to declare that the address used is expected to be their place of residence beyond the date of the pupil starting school. Applicants are required to advise of any change of circumstance at any time prior to the child starting school. If you do not declare such arrangements, or a different address is used on the application where the child does not usually live; it will be considered that a false declaration has been made and it may be decided to decline to offer a place at a particular school, or to withdraw the offer of a

place. In deciding whether a place was allocated on the basis of a misleading or fraudulent application, an admissions panel will consider any supporting evidence giving reasons why the move was necessary prior to the child starting school.

It is important to declare if there is to be a change of address prior to the child starting school. If the applicant already own a property which is in the process of being sold, we are able to accept the address of the new property only on submission of the appropriate evidence in support e.g. exchange of contracts letter on both the new property and, where possible, disposal of their current property. The deadline for submission of evidence to support a move is January 15, 2018. If the move takes place later or evidence is submitted later, the local authority will only be able to consider this information after the initial allocation of places has taken place and treat the new address for waiting list purposes.

A temporary address cannot be used to obtain a school place. Temporary addresses will only be considered where evidence is provided of a genuine reason for the move e.g. flooding or subsidence.

The local authority reserves its right to carry out further investigation and require additional evidence and to reject applications or withdraw offers of places, if it believes it has the grounds to do so. In such cases, the applicant will have recourse to putting their application through the independent appeals process.

Split living arrangements

Where a family claims to be resident at more than one address, justification and evidence of the family's circumstances will be required e.g. formal residence order, child arrangements order or legal separation documentation. The application must be completed by the parent, at an address which is owned, leased or rented, where the child lives for the majority of the school week. This is based on the number of school nights a child spends at the home (Sunday night 1800hrs to Friday 0900hrs).

Where there is an equal split or there is any doubt about residence, the School Admissions Team will assess and make a judgment about which address to use for the purpose of the allocation of a school place where necessary requesting further information e.g.

- any legal documentation confirming residence
- the pattern of the residence
- the period of time over which the current arrangement has been in place
- confirmation from any previous school or early years setting of the contact details and home address supplied to it by the parents
- the address where child benefit (if applicable) is paid
- where the child is registered with the GP
- any other evidence the parents may supply to verify the position

It is recommended that consensus is reached by both parents and child on the school preferences to be expressed and it should be noted that only one offer letter will be sent to the main applicant unless otherwise requested and agreed by both parents.

The information provided to determine the home address to be used will be considered by an admissions panel of at least two officers and their decision is final.

Applicants from abroad

An application for a school place can be made from applicants applying for a school place for their child from abroad, provided that they can provide evidence of their right of abode.

The address used will be the address where the child is living at the closing date for applications unless evidence is provided that the family is returning to a property that they own in the borough. Third party written evidence confirming the details and timing of the relocation will be required. Adjustments will be made to any waiting lists, if the family returns later, prior to the start of school. Further advice on the documentation required can be obtained from the School Admissions Team.

Service Families

Families of UK service personnel who are not yet living in the area will be able to make an application if it is accompanied by an assignment order declaring a relocation date and intended address. In the absence of a new home postal address, the authority will use the former Hazebrouck Barracks (co-ordinates: Easting 476869 and Northing 166249) as the postal address to determine distance to a preferred school. A letter from the Commanding Officer or garrison headquarters will be required confirming the living arrangements for families who are being housed at the army quarters at Arborfield but are assigned to another base.

Returning Crown Servants

Families of crown servants returning from overseas to live in the Wokingham borough may apply for a place in advance of their move provided the application is accompanied by an official letter confirming the posting to the UK and the expected relocation date.

Where a parent is unable to provide confirmation of a relocation address, an indication of the area may be provided, narrowed down as far as possible, to which the family intend to return. Preferences will be considered but applications will be considered under criterion G (other children) until the parent is able to provide confirmation of the new address such as proof of exchange of contracts or a signed rental agreement. If a place cannot be offered at a preferred school; no alternative school will be offered until confirmation of the relocation address within the borough is received but the right of appeal will be advised.

It is the responsibility of parents to keep the school admissions team informed of any changes to their planned address during the application process.

Waiting lists

Waiting lists will be maintained by the local authority for all schools where necessary for children not offered a school place at their preferred school until the end of year 2 (infant schools), year 6 (primary schools) and until September 30 of year 10 to fill places that may become available during the school year. No account is taken of the length of time spent on a waiting list.

Positions on waiting lists may go up or down due to pupil withdrawals or new or revised applications received; therefore waiting lists will be reviewed and revised:

- Each time a child is added to, or removed from, the waiting list
- When a child's changed circumstances will affect their priority
- When parents respond to periodic requests to see if they wish to remain on the waiting list
- At the end of a school year; should there be a change in the determined oversubscription criteria
- Children who are the subject of a direction by the local authority to admit or who are allocated to a school in accordance with a Fair Access Protocol will take precedence over those on a waiting list.

Parents will be asked to inform Children's Services if they wish to remain on waiting lists and will receive requests annually to notify if they wish their child's name to remain on the waiting list for the next academic year. Where no response is received by the deadline, the child's name will be removed from the waiting list. At all other times, it is the responsibility of parents to ensure that the school admissions team is informed in writing if they want their child's name to be removed from the waiting list or if their circumstances have changed from the original application.

Waiting list information will be available in accordance with the published timeline.

Schools are required to update the School Admissions Team where they have received confirmation in writing that a place at their school is no longer required in order that a place may be filled from the waiting list.

Any places offered from waiting lists will be made by the School Admissions Team, including offers made on behalf of the governing bodies of own admission authority schools participating in the co-ordinated scheme.

Schools within the scheme are not permitted to offer places to parents, or indicate that places are available when a parent visits the school, as schools will not be aware of applications received and in the process of being allocated.

The child's name will automatically be placed on a waiting list for preferred school(s) that cannot be offered, parents must notify the school admissions team if they do not want their child's name to remain on the list.

Appeals

A parent, whose application is rejected, because the school is full in the required year group, has the right of appeal to an independent appeal panel. Information regarding appeals can be viewed at: www.wokingham.gov.uk/admissions or by contacting the council's Democratic Services team by telephoning: (0118) 974 6059.

Applications will be rejected if the admissions authority considers that admitting another child into an infant class (Key Stage 1) would result in a breach of the infant class legislation. Parents have the right of appeal against a decision to refuse a place at their preferred school on this basis. Parents should be aware that this situation could well apply in a number of primary (or infant) schools, particularly where they have an admission number of 30, 45 or 60 and are oversubscribed.

An Appeals Panel, where the admissions authority considers that to admit the child would force it to breach the infant class size, can only allow an appeal if it is satisfied that either:

- a) the child would have been offered a place if the admission arrangements had been properly implemented or if the arrangements had not been contrary to mandatory provisions in the School Admissions Code and/or

- b) the decision to refuse admission was not one which a reasonable admissions authority would have made in the circumstances of the case.

In the event of an unsuccessful appeal against non-admission to a school, the local authority will not consider any further admission, nor is there any automatic right to a further appeal for admission, within the same academic year (September 1 to August 31) unless there is an **exceptional** situation resulting in a significant change of circumstances relevant to the application.

Appeals are normally heard for the year group applied for, to start in that year group; if a parent wishes to appeal for the next year group (applicable after the May half-term prior to a September start), a parent will be asked to submit a new application form for that year group. The later application will supersede the previous application. Children's Services can then ensure that there are no new circumstances to take into consideration prior to the issuing of a letter refusing the school place.

Multiple births or children with birth dates in the same academic year

Where the application of oversubscription criteria results in splitting twins or other siblings from a multiple birth in the same school year from the same family; places will be offered even if this will result in the school going above admission number.

Where the application of oversubscription criteria results in children with dates of birth in the same school year in the same family, places will be offered even if this will result in the school going above the admission number with one exception; where to do so will result in the school breaching infant class size legislation at Key Stage 1 (e.g. class size must not break 30 children to 1 qualified teacher). In this instance, the places will be allocated by the drawing of lots carried out by at least two Children's Services staff members. In such instances, parents will be offered the place and will need to decide whether they wish their children to be split or consider placement together at an alternative school after allocation.

Children working out of the normal year group

Whilst places will normally be offered on the basis of the child's chronological age, requests from parents for school places outside a normal age group will be considered carefully, whether for gifted and talented pupils or for those who have experienced problems, e.g. having missed education due to ill health.

Each case will be considered on its own merits and circumstances but will not be agreed by Children's Services without a consensus that to do so would be in the pupil's interests. Such a consensus would be reached between the parents, schools concerned (both current and preferred) and any relevant professionals asked for their opinion on the case by Children's Services.

Admission numbers

Admission numbers for each year group will be published in the composite prospectus published by 12 September 2018.

Designated areas

Only one change to the designated area of Nine Mile Ride Primary School will be proposed for 2018/2019. No changes to designated areas were proposed for other community or voluntary controlled schools and therefore the designated areas determined in 2017/2018 will apply for 2018/2019.
