2019/20 Wokingham Borough Council MRP policy

The Council is required to pay off an element of the accumulated General Fund capital spend each year (the Capital Financing Requirement (CFR) through a revenue charge (the minimum revenue provision - MRP), and it is also allowed to undertake additional voluntary payments (voluntary revenue provision - VRP).

Department for Communities and Local Government (DCLG) regulations have been issued which require the full Council to approve a MRP Statement in advance of each financial year. The decision lies with the Council although a prudent provision must be made. The Council is recommended to approve the following MRP Statement:

For capital expenditure incurred before 1 April 2008, the MRP policy will be:

- MRP will be based on the CFR (option 2);

These options provide for an approximate 4% reduction in the borrowing need (CFR) each year.

From 1 April 2008 for all borrowing (including PFI and finance leases) the MRP policy will be based on the estimated life of the assets, in accordance with the regulations (this option must be applied for any expenditure capitalised under a Capitalisation Direction).

This option provides for a reduction in the borrowing need over approximately the asset's life. There is no requirement on the HRA to make a minimum revenue provision but there is a requirement for a charge for depreciation to be made (although there are transitional arrangements in place).

Repayments included in annual PFI or finance leases are applied as MRP.

Wokingham will follow the statutory guidance, except in some instances, as disclosed below. Final guidance is expected to be issued by the Secretary of State under section 21(1A) of the Local Government Act 2003. Under that section local authorities are required to "have regard" to this guidance.

For some investment assets WBC believes it would be overly prudent to charge MRP in line with the draft guidance, as it would stop the Council making an investment which could otherwise strengthen its financial position, due to an artificial self-implemented restriction.

For assets which WBC or one of its subsidiary companies is investing in purely for the return on investment, we will charge a 10% charge for MRP. The MRP will be applied with a maximum useful economic life of 50 years for freehold land, and 40 years for other asset classes.

2019/20 Wokingham Borough Council MRP policy

Alternative prudent assumptions will be used in the following circumstances.

Expenditure type	Guidance maximum 'C', (MRP repayment period)	WBC MRP charging policy
Freehold land	maximum of 50 years	Maximum 60 years
bridges	maximum of 50 years	Maximum 60 years
Investment assets	maximum of 50 years	10% of maximum 15 years (Average Rental contract life)
loan capital in WBC holdings	20 years	No charge - Loan covered by Asset
Forward funding Schemes	maximum of 50 years	No charge – Developer contribution are used to repay principle
