

TITLE	Corporate Risk Register
FOR CONSIDERATION BY	Audit Committee on 6 November 2019
WARD	None Specific
LEAD OFFICER	Chief Executive - Susan Parsonage

OUTCOME / BENEFITS TO THE COMMUNITY

Enterprise Risk Management (ERM) provides for robust and transparent decision-making. Effective ERM is therefore an integral part of the Council's control environment and helps demonstrate the effective use of resources and sound governance. The Council's Corporate Risk Register (CRR) demonstrates that the council is pro-actively identifying and managing its significant business risks.

RECOMMENDATION

That the Audit Committee note the update.

SUMMARY OF REPORT

The Corporate Risk Register is regularly reviewed by the Corporate Leadership Team.

Since the last report to the Committee on 25 September, an additional risk has been added on Climate Emergency.

There are 13 corporate risks being carefully monitored details of which can be found at Appendix 1.

The Director of Adult Services will attend the meeting to explain the major risks in the Council and the key actions being taken to mitigate these risks.

Background

The roles and responsibilities of Members and Officers with respect to Risk Management are detailed in the Council's Enterprise Risk Management Policy (ERMP) which was approved by the Audit Committee. The ERMP states that CLT is responsible for identifying and managing the Council's risks and opportunities, and for setting an example to staff. CLT is also responsible for identifying, analysing and profiling high-level strategic and cross-cutting risks on a regular basis.

The Audit Committee is required to seek confirmation that the Council's strategic risks are being proactively managed. Strategic risks are essentially those risks that might occur and could prevent the Council from achieving its objectives as detailed in its Vision, Priorities and Corporate Plan.

Analysis of Issues

The main changes to the CRR since last reviewed by the Audit Committee are:-

- the addition of a new risk on Climate Emergency – risk no. 13
- updates to Workforce risk (risk no. 3) with the launch of the employee engagement survey
- updates to the BREXIT risk (risk no. 11)

FINANCIAL IMPLICATIONS OF THE RECOMMENDATION

The Council continues to face severe financial challenges over the coming years as a result of reductions to public sector funding and growing pressures in our statutory services. It is estimated that Wokingham Borough Council will be required to make budget reductions of approximately £20m over the next three years and all Executive decisions should be made in this context

	How much will it Cost/ (Save)	Is there sufficient funding – if not quantify the Shortfall	Revenue or Capital?
Current Financial Year (Year 1)	£Nil	Yes	Revenue
Next Financial Year (Year 2)	£Nil	Yes	Revenue
Following Financial Year (Year 3)	£Nil	Yes	Revenue

Other financial information relevant to the Recommendation/Decision

There are no financial implications to be noted as a result of this update. However there are risks within the register that should they materialise, would have a significant financial impact on the authority.

Cross-Council Implications

A risk is an unexpected event or action that can adversely affect the Council's ability to achieve its objectives and successfully execute its strategies. Risk Management is about managing opportunities and threats to objectives. Therefore good risk management will assist the Council in delivering its services and achieving its priorities.

Reasons for considering the report in Part 2
Not applicable
