1. The Design Our Neighbourhood Event is to be held on Wednesday 22<sup>nd</sup> January 2020 at Sindlesham Court, Mole Road, Wokingham, RG41 5EA from 6pm to 9pm.
2. The Event, led by Wokingham Borough Council and Berkshire West Clinical Commissioning Group, is aimed at identifying what makes a neighbourhood tick, the key roles played by public and voluntary sector organisations, and what more we can all do to create strong, healthy and resilient neighbourhoods. A report to Wokingham Wellbeing Board on 10<sup>th</sup> October 2019 gives some more background to the initiative:  
<https://wokingham.moderngov.co.uk/documents/s36980/Designing%20our%20Neighbourhoods.pdf>
3. The Event seeks to build on work already being done around the Council's Transformation Programme, Adult Social Care's Three Conversations Model and the NHS Long Term Plan, and the ambition is to develop a whole-system public sector approach at a local level.
4. Key players at this event include representatives from the Wokingham Borough Wellbeing Board, councillors (Borough, Town and Parish), Berkshire West CCG, GPs from Wokingham's four Primary Care Networks (PCNs), voluntary sector, Police, Fire and Ambulance, NHS trusts, Wokingham head teachers and faith groups.
5. Three key questions, linked to the Wellbeing Board's key priorities, will be the focus of round-table discussions:
  - How can we work better together to reduce social isolation?
  - What can we do to create physically active communities?
  - How do we work together to narrow the health inequalities gap?
6. Data packs will be produced giving a snapshot of each PCN and neighbourhood area, and will be used by delegates as they discuss their areas of work and explore what they are already doing and what more needs to be done. Packs will cover the following PCNs/areas:
  - Wokingham East PCN – Wokingham town practices
  - Wokingham East PCN – New Wokingham Road practice/Wokingham Without
  - Wokingham West PCN
  - Wokingham South PCN
  - Wokingham North PCN – Woodley town practices
  - Wokingham North PCN – Twyford and Wargrave practices/northern parishes
  - Winnersh – for consideration by West, North and East PCNs.

A draft of the Winnersh pack is attached.

7. It's hoped that by the end of the evening everyone will have a clearer idea of the facilities, services and support networks which already exist within each of Wokingham's PCNs, identify gaps and explore ways and means of working in partnership to overcome them.

8. The aim is to follow up this workshop with a series of neighbourhood themed engagement events over the next year or so, linking up with a wide range of partners from housing, transport, leisure, public, community groups, patients, businesses, BME Forum, young people, people with disabilities and others. Each group will bring their own ideas and aspirations for their neighbourhoods, and feedback from each event will be used to shape the Wellbeing Board's vision of creating healthy and resilient communities.
