### RECOMMENDATION

That the Board reviews and agrees on the proposed first Designing our Neighbourhoods partnership event.

### SUMMARY OF REPORT

This report outlines the first Designing our Neighbourhoods partnership event which will be held in the evening of 13<sup>th</sup> November 2019.

## Partnership Event – 13<sup>th</sup> November 2019

At the last informal Wellbeing Board meeting, there was an in-depth discussion around the upcoming partnership event for Designing our Neighbourhoods. This event will be the first of a series of events that will examine the four Primary Care Networks (PCNs – North, South, East and West) for Wokingham.

### *Purpose and Aims*

- Provide a common level of understanding of what is trying to be achieved
- Establish partnership connections around the four Primary Care Networks (PCNs)
- Begin to generate ideas to inform the thinking around what the neighbourhoods would look like

### *Attendees*

It was agreed that the following list of key attendees will be invited to the first event:

The Wellbeing Board	Ambulance
BHFT	Royal Berkshire Hospital
Clinical Directors	Headteachers
Voluntary Sector	Faith Groups
Towns and Parishes	Pharmacies
Police	Military Camp
Fire Service	

It was also identified that the following groups will be invited to future meetings:

Optalis	Adult Social Care Providers
Housing Associations	Councillors
University of Reading	MPs
Transport Providers	Probation Service
Early Years Providers	BME Forum
Local Businesses	Residents
Leisure Providers	

### *Event Details:*

Date: Wednesday 13<sup>th</sup> November 2019

Time: 18:00-21:00

Location: Sindlesham Court

### *Event Format:*

- Presentation of “where we are now”
- Tables will be set out by PDNs which will consider gaps and identify opportunities for working differently for the wellbeing of the community. Ideally there will be representation from partners on each of the table depending on their location.
- Tables will then report back to the wider group
- A discussion on how to stay connected with other partners and thoughts for the future events.

The event will be interactive and encouraging of sharing views and perspectives on the communities and services within Wokingham. Discussions around the tables will be

focused on the three key Wellbeing Board priorities and how these could be addressed in the new PCNs. In order to highlight the PCN areas, there will also be four maps of each area which will be up during the event for partners to view what services and provisions are in each network.

Full information on the event along with the invitations will be sent out in the coming weeks.

**Actions & Next Steps**

The Designing our Neighbourhoods project group consists of Graham Ebers (Deputy Chief Executive), Katie Summers (Berkshire West CCG - Director of Operations Wokingham Locality) and Matt Pope (Director of Adults Services). Ahead of the event, the project group will meet to propose any questions to be raised and consolidate the order of the event.

- Phil Cook to draft an invitation tailored for the voluntary sector
- Tessa Linfield to lead on designing the introductory session of the event.
- Carol-Anne Bidwell to lead on organising the event refreshments
- Sally Moore to be in charge of communications and sending out invitations

**Analysis of Issues, including any financial implications**

### INVITATION

*'Design our Neighbourhoods'*

**Wednesday 22 January 2020**

**Sindlesham Court, Mole Road, Wokingham, RG41 5EA**

**6 – 9pm**

*This will be a chance to meet up with members of the Health and Wellbeing Board, Directors from Berkshire West Clinical Commissioning Group, Clinical Directors from the Primary Care Networks, leaders of the voluntary sector and other major players within our communities.*

*What makes a neighbourhood? What would people like to see in their neighbourhood and what we can all do, together, to help make it happen? We would very much welcome your thoughts and suggestions which is why we'd like you to join us for an event on Wednesday 22 January 2020 at 6pm.*

*We all have a joint commitment to keep residents' needs at the centre of all we do. At the heart of this is our work with partners and local people to create communities where people's health, wellbeing and happiness are top of the agenda.*

*Adopting a place-based approach enables a community to maximise their assets and address issues at a neighbourhood level. From a healthcare and social care perspective this means bringing services together and offering support at a community level, shifting the focus away from hospital and long term residential care.*

*There's been a lot of activity recently to this end in both the NHS and within Wokingham Borough Council – the launch of the GP Primary Care Networks, the introduction of the Government's Long Term Plan for the health service and the creation of Localities Plus at Wokingham BC.*

*Given all these changes and developments, we feel now would be a good time to bring some of our key partners together to discuss and debate, listen and learn, suggest and share and continue our conversations about the way ahead.*

*We see this as the next phase in our ambitions to develop and fine tune our partnership working in Wokingham's neighbourhoods.*

*We look forward to welcoming you on the 22nd.*
