Analysis of Issues

Effective monitoring of budgets is an essential element of providing cost effective services and enables any corrective action to be undertaken, if required. Many of the budgets are activity driven and can be volatile in nature.

FINANCIAL IMPLICATIONS OF THE RECOMMENDATION

The Council faces severe financial challenges over the coming years as a result of the austerity measures implemented by the Government and subsequent reductions to public sector funding. It is estimated that Wokingham Borough Council will be required to make budget reductions in excess of £20m over the next three years and all Executive decisions should be made in this context.
