

TITLE	Overview and Scrutiny Work Programmes 2021/22
FOR CONSIDERATION BY	Overview and Scrutiny Management Committee on 23 March 2021
WARD	None Specific
DIRECTOR	Graham Ebers, Deputy Chief Executive

OUTCOME / BENEFITS TO THE COMMUNITY

Effective Overview and Scrutiny helps to improve services, holds decision makers to account and engages with local communities. In so doing it helps to demonstrate that the Council and other public service providers are open and transparent and are delivering high quality, value for money services.

RECOMMENDATION

The Committee is requested to:

- 1) consider the Scrutiny requests received for 2021/22 (Annex A);
- 2) consider any other potential Scrutiny items, including items arising from the Council Delivery Plan (Annex B);
- 3) consider any items to be carried forward from the current Overview and Scrutiny Work Programmes (Annex C);
- 4) note that additional items can be included in the Overview and Scrutiny Work Programmes during the year;
- 5) confirm that each of the Overview and Scrutiny Committees will undertake one or more detailed Scrutiny reviews during 2021/22.

SUMMARY OF REPORT

Effective work programming is a Member-led process aimed at shortlisting and prioritising issues of community concern together with issues arising out of the Community Vision and Corporate Delivery Plan and major policy or service changes. It aims to:

- reflect local needs and concerns;
- prioritise topics for scrutiny which have the most impact or benefit;
- involve local residents and stakeholders;
- be flexible enough to respond to new or urgent issues.

Each year the Committee approves work programmes for itself and the Council's Overview and Scrutiny Committees. Recent discussions have indicated the need for the work programming process to be more robust and for improved monitoring during the year.

Suggested work programme items are appended to the report for Member consideration and approval. These include items suggested following a public consultation exercise.

Background

An effective Overview and Scrutiny function is underpinned by robust work programming. Effective work programming lays the foundations for targeted scrutiny of issues of local importance. It helps to ensure that Overview and Scrutiny adds value and makes a difference. Effective work programming helps to:

- prioritise issues for in-depth work where Overview and Scrutiny can make an impact and add value;
- reduce the need for “information only” reports;
- achieve a balance between pre-decision scrutiny, policy development and performance/budget monitoring;
- contribute at an earlier stage in the decision making process;
- increase public and stakeholder involvement in Overview and Scrutiny;
- retain flexibility in order to respond to urgent issues arising during the year.

Scrutiny Review Criteria

The issues identified for consideration by Overview and Scrutiny should be of interest or concern for local residents and generate public interest and involvement in the Overview and Scrutiny process. In considering potential issues for review, Members should take into account the previously agreed selection criteria:

- Whether the issue is of local, and preferably current, concern;
- Whether the undertaking of the review can be linked to the Community Vision and Corporate Delivery Plan;
- Whether the topic is already being reviewed elsewhere within the Council;
- Is the topic one that is capable of being influenced by one of the Overview and Scrutiny Committees;
- Is the topic of manageable scope – not too wide-ranging and yet of sufficient size to warrant a scrutiny review;
- Whether sufficient resources are available to support the Scrutiny review;
- Whether the review should be undertaken by the Overview and Scrutiny Management Committee itself or be delegated to an Overview and Scrutiny Committee or a Task and Finish Group.

In Depth Scrutiny Reviews

An important strength of Overview and Scrutiny is the capacity to carry out in depth reviews of policies or services provided by the Council or its partners. In depth reviews allow Members to drill down into a particular issue and consider evidence from service users, community groups, experts and other stakeholders. They also enable Members to carry out research and broaden their knowledge of best practice in the public and private sectors.

Building on the successful outcome of recent Scrutiny Task and Finish reviews, it is suggested that each Overview and Scrutiny Committee identifies one or more topics for in depth review during 2021/22, the reviews to be carried out by the Committees themselves or by Task and Finish Groups. The Management Committee has already established the Climate Emergency Task and Finish Group, which has started to consider evidence for its second report.

Suggested Scrutiny Items for 2021/22

Annex A sets out a number of potential Scrutiny items suggested by Members, residents and Town and Parish Councils following the Committee's public consultation exercise. Members are requested to consider the suggestions against the criteria set out above and determine whether they should be included in the work programmes for 2021/22.

Due to the large number of potential Scrutiny items submitted for consideration in 2021/22, it may be appropriate to merge items or seek other avenues for consideration. Updates will be provided at the meeting on 23 March 2021.

In line with current procedures, residents may attend the Overview and Scrutiny meeting to make a statement in support of their Scrutiny request.

Community Vision and Council Delivery Plan

The 2020 Community Vision and Council Delivery Plan set out the key priorities for the Borough up to 2024. As such, the documents provide an important source of potential Scrutiny review items. Extracts from the Corporate Delivery Plan are set out at Annex B. Members are asked to consider any potential Scrutiny items arising out of the plan.

Draft Scrutiny Work Programmes for 2020/21

Annex C sets out the current work programme for each of the Overview and Scrutiny Committees for 2020/21. Members should note that a number of work programme items are included each year, such as potential call-in items and Budget Scrutiny carried out by the Community and Corporate Overview and Scrutiny Committee. Members should factor this ongoing workload into their deliberations.

Members may also wish to consider potential carry-forward of items in the 2020/21 programme which could not be accommodated. The work programmes allow flexibility for the consideration of urgent issues and the call-in of decisions made by the Executive. Once approved, the updated work programme issues will be timetabled into the programme of Overview and Scrutiny meetings during the year. Each Overview and Scrutiny Committee will determine its priorities within the programme and allocate specific items to specific meetings.

FINANCIAL IMPLICATIONS OF THE RECOMMENDATION

The Council faces severe funding pressures, particularly in the face of the Covid-19 crisis. It is, therefore, imperative that Council resources are focussed on the vulnerable and on its highest priorities.

Cross-Council Implications

Effective Overview and Scrutiny helps to drive service improvement, policy development and the achievement of value for money for the Borough's residents.

Public Sector Equality Duty

Due regard has been given to Council's Public Sector Equality Duty. The issues scrutinised during 2021/22 will raise the profile of Overview and Scrutiny for residents across the Borough, including residents with protected characteristics as defined under the Equality Act 2010. The aim is to achieve better/fairer outcomes and increased value for money for residents.

Climate Emergency – The Council has declared a Climate Emergency and is committed to playing as full a role as possible – leading by example as well as by exhortation – in achieving a carbon neutral Wokingham Borough by 2030

The Overview and Scrutiny Management Committee is acting as a "critical friend" to the Council's Climate Emergency activities through the work of the Climate Emergency Task & Finish Group. The Task & Finish Group aims to submit its second report to the Management Committee in June 2021.
