Agenda Item 15.

TITLE Fees And Charges For Licensable Activity 2024/25

FOR CONSIDERATION BY Licensing and Appeals Committee on 18 October 2023

WARD None Specific

LEAD OFFICER Director, Place and Growth - Giorgio Framalicco

OUTCOME / BENEFITS TO THE COMMUNITY

Fees and charges relating to licenses, permits, and registrations contribute to covering the cost of administering the Council's function as a Licensing Authority.

RECOMMENDATION

- 1) That the Committee NOTES the fees set out at **Appendix A** and **Appendix B** as part of the Council's annual fee setting process.
- 2) That the Committee RECOMMENDS to Executive that, in relation to those fees which are within the Council's discretion to set, they are increased in line with the Consumer Prices Index (CPI).

SUMMARY OF REPORT

This report sets out the Fees and Charges which are proposed for licensable activities in this area of the Council for 2024/25.

No change is proposed in the current fee structure. The proposal is in line with the approach taken by the Licensing Committee last year by increasing fees in line with the Consumer Prices Index (CPI).

The Consumer Prices Index (CPI) is at 6.3% in the 12 months to August 2023. It is proposed that an increase in fees and charges be based on this figure.

Income from licensing fees offset the costs to the Council of administering the licensing service. Shortfalls or excesses should be balanced in following years over a balanced 5 year period of review.

In addition to the processing, enforcement, and management of the service, Licensing Officer's will now administer crime reduction schemes relevant to licensing that could support the Violence Against Women and Girls agenda or other best practice schemes such as Best Bar None accreditation and Purple Flag Status.

Background

- Licensing Authorities are required to review their fees and charges on an annual basis. A significant number of fees within the licensing field are set by Government Statute or Regulation and, therefore, cannot be changed by the Council ("statutory fees"). These are set out in Appendix A.
- Those fees which are within the Council's discretion to set ("discretionary fees") are usually required to be based on an assessment of the costs of administering the service. Including the general management of processing applications, IT infrastructure, office costs, legal support, democratic services, and the enforcement of the regulatory function. These discretionary fees are set out in Appendix B.

Analysis of Issues

- 3. Income from licensing fees should be no more than the costs of maintaining the licensing service. The service should be cost neutral, with fees balancing out over a five year period.
- 4. The Council has faced considerable cost increases. It is recommended that a 6.3% increase to discretionary fees is necessary to ensure that the costs of processing licence applications are covered. To ensure the administrative management and enforcement of licensing regimes, and any supported licensing related crime reduction initiatives are also adequately covered.
- The Consumer Prices Index (CPI) rose by 6.3% in the 12 months to August 2023. It is proposed that the increase in discretionary fees and charges shown in **Appendix B** should be based on this figure, rounded to the nearest pound for clarity. The Council has no power to increase the fees set by statute or regulation in **Appendix A**.

FINANCIAL IMPLICATIONS OF THE RECOMMENDATION

The Council faces unprecedented financial pressures as a result of; the longer term impact of the COVID-19 crisis, Brexit, the war in Ukraine and the general economic climate of rising prices and the increasing cost of debt. It is therefore imperative that Council resources are optimised and are focused on the vulnerable and on its highest priorities.

Current Financial Year (Year 1)	A 6.3% increase in discretionary fees in line with CPI to be assessed over a 5 year period.	Funding is through the income of application fees and annual maintenance fees.	Revenue
Next Financial Year (Year 2)	To be confirmed in fee setting for 2025/26		
Following Financial Year (Year 3)	To be confirmed in fee setting for 2026/27		

Other financial information relevant to the Recommendation/Decision

Proposed fees are set out in detail in the Appendices

Cross-Council Implications

There are no implications arising from the recommendation in this report.

Public Sector Equality Duty

An equalities impact assessment is not required at this stage, as no change is being proposed to the current fee structure.

Climate Emergency – This Council has declared a climate emergency and is committed to playing as full a role as possible – leading by example as well as by exhortation – in achieving a carbon neutral Wokingham Borough by 2030 No impact is anticipated to the Council's carbon neutral objective.
