A) DRAFT CO-ORDINATED ARRANGEMENTS FOR SCHOOL ADMISSIONS FOR ENTRY FROM SEPTEMBER 2017 TO AUGUST 2018

INTRODUCTION

1 Purpose of the co-ordinated schemes

All local authorities are required by law to draw up schemes for co-ordinating admission arrangements in the normal admission rounds for all state-funded (excluding special schools) primary and secondary schools, including academies (but not special schools) in their area.

The purpose of a co-ordinated scheme is to ensure that every parent of a child who applies for a school place does so through their home authority and has an opportunity to state their preferred school(s). Parents will receive a single offer of a school place and parents will receive this offer on the day specified in their home authority's scheme. The aim is also to ensure that parents are treated fairly and consistently regardless of the status of the school for which they make an application. Information will be exchanged with other authorities if an application is received from an applicant living in that authority or where parents living in the Wokingham Borough express a preference for schools in another authority. So far as possible, this will enable parents to be given a single offer of a school place even where their preferred schools are located in more than one local authority area.

When drawing up admissions arrangements, the council and other admissions authorities must ensure that their admissions criteria are clear, fair and objective, for the benefit of all children, including those with special educational needs, disabilities or in public care.

2 Timetable for consultation and decision

The 2016/2017 co-ordinated schemes were formulated by the local authority, in consultation with other admission authorities and the Schools Admissions Forum. Statutory consultation lasted at least eight weeks and was completed by March 1 2015.

Wokingham Borough Council is suggesting some minor changes to its admission arrangements and will consult from December 7, 2015 to January 20, 2016 which meets the requirement prescribed in the School Admissions Code to consult for at least six weeks between October 1, 2015 and January 31, 2016. Included in the consultation is the co-ordinated scheme for state funded schools which include the proposed dates for co-ordination.

The final admission arrangements will then be considered and determined by the Council's Executive at its meeting on February 18, 2016, and notified to the Secretary of State by the statutory deadline of February 28, 2016.

The table below summarises this process:

December 2, 2015	Prior consideration by the School Admissions Forum of proposed changes to the co-ordinated scheme and admission policy for community and voluntary controlled schools.
October 1, 2015 to January 31, 2016	If changes are proposed or at least every seven years; a minimum six week consultation between 1 October and 31 January of the year before those arrangements are to apply. Applicable to the council as admission authority for community and voluntary controlled schools, and the Governing Bodies of Academy, Aided and

	Foundation Schools
January 31, 2016	Statutory date by which consultation must be completed
January 27, 2016	Further consideration by the Admissions Forum of the proposed changes together with the outcome of the consultation, if applicable
February 18, 2016	Admissions arrangements to be considered and determined by Council's Executive
February 28, 2016	Statutory deadline for co-ordinated schemes to be determined and notified to the Secretary of State

3 Admission Numbers

Children's Services carries out a Net Capacity Assessment of all maintained schools in Wokingham Borough (excluding Academies unless commissioned to do so) to determine the Indicated Admission Number for individual schools. Admission authorities must have regard to this number when identifying published intakes within their admission arrangements. Wokingham Borough publishes the admission number (either the **Indicated Admission Number** or, where a different intake is agreed in consultation with the school's governing body, the resulting **Planned Admission Number**) for all community and voluntary controlled schools. Together with the admission numbers determined by governing bodies for voluntary aided, academy and foundation schools, these are published in the Parent's Guide's to Admissions which forms the authority's composite prospectus. The admission numbers proposed to apply for entry from September 2017 are set out within the Primary and Secondary Co-ordinated Schemes (pages 18 and 29).

4 Timetable for Co-ordinated Admissions Schemes 2017/2018

PROPOSED TIMETABLE CO-ORDINATED ADMISSION SCHEMES 2017/2018	
Date	Action
July 9, 2016	State-funded schools to provide school information to enable composite prospectus to be compiled
By September 11, 2016	Application packs for secondary transfer to be distributed via primary schools and on request
By September 12, 2016	Composite prospectus published on council's website
September 11, 2016	Online admissions open for applications for transfer to secondary school
October 31, 2016*	National closing date for secondary transfer applications
November 26, 2016	Secondary transfer applications to be forwarded to Wokingham Borough own admission authority schools for consideration
November 2016	Application packs to be posted for entry to primary to parents who are either attending Wokingham borough early years' settings or who have registered with the school admissions team or who are transferring to junior school to be distributed via infant schools or on request,
November 12, 2016	Online admissions open for applications for entry to primary and transfer to junior school

January 15, 2017*	National closing date for evidence to be provided to meet Wokingham Borough Council criteria for those transferring to secondary school; transferring to junior school; or starting school.
January 15, 2017	Ranked lists to be submitted to the local authority by own admission authority schools for secondary transfer
February 10, 2017	Entry to primary and junior transfer applications to be forwarded to Wokingham Borough own admission authority schools for consideration
February 16, 2017	SEN Team to inform parents of pupils transferring to secondary school or to junior school with statements of special education need of their allocated school
By February 28, 2017	Appeals timetable published to website (own admission authority schools will publish details on the school's website)
March 1, 2017	National secondary offer day – letters posted by first class post
March 15, 2017	Secondary transfer: Deadline for accepting the offer of a place Late applications to be processed Waiting list information available
March 15, 2017	Ranked lists to be submitted to the local authority by own admission authority schools for the entry to primary and junior transfer
March 30, 2017	Closing date for notification of a secondary appeal to be heard together
March 31, 2017	Final co-ordination with other local authorities for entry to primary and junior school transfer
April 18, 2017 (next working day)	National offer day for primary applications for those starting school and transfer to junior school offer day – letters posted by first class post
May 3, 2017	Entry to primary and junior transfer: Deadline for accepting the offer of a place Late applications to be processed Waiting list information available
May 18, 2017	Closing date for notification of an entry to primary or junior transfer appeal to be heard together
End May/early June 2017	Local authority to advise schools of final allocation details
May/June 2017	Secondary appeals to be heard in accordance with published timetable
June/July 2017	Starting school and junior transfer appeals to be heard in accordance with published timetable

* Dates may change to the next working day if the School Admissions Code is revised permitting national closing dates to be adjusted if the date falls on a weekend.

B) CO-ORDINATED ARRANGEMENTS FOR PRIMARY ADMISSIONS

1 Overview of the scheme

The primary admission arrangements (including applications for Foundation 2 (F2) reception and children transferring to year 3 in a junior school) will operate on the basis of the Government's recommended model of an equal preference scheme. This arrangement allows each preference to be considered individually, taking account of the admissions criteria. Where a child can potentially be offered a place at more than one of the preferred schools the single offer is for the school ranked highest by the parent. Information may be exchanged with other authorities if an application is received from an applicant living in that authority or where a Wokingham borough resident expressed a preference for schools outside the borough. In all cases, parents applying to Wokingham Borough Council will receive the offer of a school place on the offer date prescribed in the council's timetable. If a place cannot be offered at any of the preferred schools, a place will be offered at:

- a) the designated area school (if there are places available) or
- b) the most accessible school with places.

Children's Services will create a pupil database of pupils (born 1 September 2012 to 31 August 2013) living in the Wokingham borough for the distribution of application forms, comprised largely of information provided by requests for school application packs and information provided from the Council's early years' provider records. Parents who live in other local authority areas, but who wish to express a preference for a Wokingham borough school, should contact their home authority for details on how to register for an application pack from their authority.

Schools may take pupil details if a school visit takes place for their records but this is not part of the application procedure. Parents can register their child's details with the school admissions team to receive an application pack, which will include a common application form allowing parents to rank up to **four** schools in their order of preference. This includes preferences for own admissions authority schools e.g. academies, voluntary aided and foundation schools. Where reference is made in this scheme to academies, this includes free schools.

Preferences may also be expressed for new academies where there is agreement by the sponsor to do so; a proposed scheme is included in Appendix D.

Borough residents can also make applications online, via the Council's website. These will be treated in the same way as the paper version of the preference form, save for variations reflecting that this is an electronic process. For example, online forms will be submitted and processed by Children's Services, and verification will where possible be done by electronic means (for example, using other data held by the Council). Except where stated otherwise, references to the common application form in this scheme should be taken to refer to both the electronic and paper versions. Where more than one application is received the LA will accept the application with the latest date.

Parents will be asked to express up to **four** preferences in ranked order and to give reasons for these preferences if they wish to do so.

Parents will complete the common application form and return it to Children's Services by the agreed deadline. Acknowledgement cards will be issued with the common application form. Where a parent completes and returns this stamped and addressed, they will receive postal confirmation of the receipt of their form. Children's Services will record receipt of the form and validate the application (checking proof of address by reference to Council Tax records). For online applications, validation where possible will also be electronic, for example by reference to other data held by the Council.

Children's Services will forward all preferences for own admission authority schools within the borough for consideration by their governing body or academy trust board, in accordance with their admissions criteria. School admission authorities apply their admission criteria and these schools will then forward their ranked lists to Children's Services within an agreed timescale.

Children's Services will send other local authorities details of applications for their schools in February 2017. Own admission authority schools apply their admission criteria and send their own local authority a list indicating the order in which all children applying have priority by reference to oversubscription criteria.

Children's Services will draw up similar lists for the community schools in the area, applying all preferences on an equal basis. Children's Services will compare the lists for all schools in the area. Where a child qualifies for one of the available places at more than one school Children's Services will provisionally allocate a place at the school ranked highest by the parent in their application.

The lists will be adjusted for any other school for which a preference was expressed, moving another child who was previously not eligible for a place up the list to the provisional place that has been vacated.

By end-March Children's Services will have received notifications from other local authorities of places that can be offered by schools in their areas in response to preferences expressed by one of their residents.

If a place at a preferred school cannot be offered by Children's Services to cross-border applicants, an alternative place will not be considered as the home local authority will be making an offer.

If Wokingham local authority and another local authority can both offer places, the authorities will determine the place to be allocated on the basis of the ranked preferences. Children's Services will send final lists of pupils to be allocated places to schools in the area.

On April 18, 2017, Children's Services will write to all parents resident in Wokingham borough who completed an application form, informing them of their child's allocated school place. It will be stated if the offer is being made on behalf of a school that is its own admission authority. If parents have applied online, the results may be viewed. Where a preference cannot be offered, parents will be informed of the reason why and offered the right to appeal the decision.

Those children not offered places at schools ranked higher than the school offered will be placed on a waiting list for the relevant school(s).

Offers will be accompanied by an acceptance form. A facility to accept offers online will be available. Parents will be advised that if they fail to accept an offer of a place by May 3, 2017, the offer will be withdrawn after one further written reminder being issued. This part of the scheme is important in allowing early identification of spare places at

oversubscribed schools, which can then be allocated to from waiting lists.

The scheme will not affect the duty of governors of academy, foundation and voluntary aided schools to set and apply their own admission arrangements. Schemes are an administrative process to make school admissions easier, more transparent and less stressful for parents. They are not designed to require all admission authorities in an area to operate the same oversubscription criteria and each local authority (or school governing body where relevant) will determine their own criteria and consult upon them accordingly.

Wokingham Borough Council's scheme for primary co-ordination will reflect the mandatory requirements of the School Admissions Code.

2 Nursery and Foundation One (F1) Admissions

Admissions to state-funded nursery schools and classes are not part of the co-ordinated admissions scheme for primary schools, and are administered locally by the school concerned.

Wokingham Borough Council has, as part of its admission arrangements for community and voluntary controlled primary and infant schools, proposed a policy for admission to F1 nursery classes or foundation stage units. Individual schools managing such admissions locally are to do so in accordance with the model policy.

Admission to F1 nursery classes at state-funded schools, or other early years' providers at, or linked to particular schools, including co-located children's centres, does not guarantee or give any priority for admission to primary education at that school. An application for F2 Reception must be made by completing the common application form.

3 Timing of entry to Primary Education

The local authority will offer all children a full time school place from the September following their fourth birthday. For 2017/2018, applications will be considered for children born between 1 September 2012 and 31 August 2013.

Parents may request that their child attends part-time until the child reaches compulsory school age, the start of the first school term after their fifth birthday. Parents may defer their child's admission to the school until later in the school year or until the child reaches compulsory school age in that school year. Where parents choose to defer their child's admission, or take up the place part-time but later wish to increase it to full-time, before their child has reached statutory school age, this must be discussed with the Headteacher to agree the effective date.

Where parents do not wish to take up the allocated place until the next school year, the place will not be held. A fresh application would have to be made and there would be no guarantee that a place would be available at the school.

Children are normally allocated to their chronological year group. Where a parent considers that their summer-born child (with birthdays between 1 April to 31 August) will not be ready to start school in their chronological year group and would like their child to work a year behind; each admissions authority would consider such requests in accordance with their policy relating to admission outside the normal age group. (The council's is shown on page 8).

4. Applications for Academy, Foundation or Voluntary Aided Schools (own admission authority schools)

The co-ordinated admissions scheme does not affect the duty of the governors of academy, foundation or aided schools to set and apply their own admissions arrangements. These schools continue to be able to operate their own admissions criteria, which are required to be clear, fair and objective.

The Parent's Guide for primary school admissions will include the agreed admissions policies of all own admission authority schools within the Wokingham borough. Parents will be provided with a single source of information setting out the admissions criteria for all schools in the borough for which applications can be made under the scheme.

Own admission authority schools can, if they need to prepare an additional supplementary form to be completed with the common application form if they require further information in order for them to allocate places at their school against their own admissions criteria. Own admission authority schools will make these additional forms available to Children's Services at a time agreed within the co-ordinated scheme and on their websites.

It is the responsibility of the parent to ensure that any supplementary forms are completed and returned to the school in accordance with its policy when expressing a preference for an academy, aided or foundation school. The forms will be available on the council's and school websites or on request. The common application form must be returned to Children Services.

The governing bodies or admissions committees of own admission authority schools will need to meet within the timescales defined in the scheme in order to process the applications they have received. If oversubscribed, Children's Services will require the governors to produce a brief statement which will explain to applicants (and future appellants) how and why places have been allocated. Children's Services will send this statement out with all refusal letters.

Publicity / Information

Details of the agreed scheme for entry to primary education will be publicised in advance and full details of the arrangements will be published in the Parent's Guide to Primary School Admissions. This guide will be published on the council's website by September 12, 2016. It is the responsibility of parents to ensure that they register their child's details with the school admissions team either on paper or online in order to receive an application pack. The school admissions team will liaise with early years' settings in publicising the admissions round.

The common application form is the sole application method for parents resident in the Borough seeking a place in an infant/primary school. Applicants for own admission authority schools will need to complete the common application form, but these schools will be able to request additional documents to support applications in order to comply with their admissions arrangements.

6 Detailed arrangements of the scheme

Admission outside normal age group

Children are normally allocated to their chronological year group. Requests from parents for school places outside a normal age group will be considered carefully

whether for gifted and talented pupils or for those who have experienced problems, e.g. having missed education due to ill health, etc.

Each case will be considered on its own merits and circumstances and will only be agreed by a panel of officers from Children's Services where there is consensus between the parents, schools concerned (both current and preferred) and any relevant professionals asked for their opinion by the panel, that to do so would be in the pupil's interests. Parents will be informed of their statutory right to appeal. This right does not apply if they are offered a place in another year group at the school.

Requests for summer born children to be admitted outside normal age group

Where a parent considers that their summer-born child (with birthdays between 1 April to 31 August) will not be ready to start school in their chronological year group and would like their child to work a year behind; each admissions authority would consider such requests in accordance with their policy relating to admission outside the normal age group.

In order that such requests (supported by evidence from relevant professionals) can be fully considered, the parent will be asked to submit their request together with an application for the normal age group by the deadline. This ensures that if the request is refused, the child's application for preferred schools will not be disadvantaged and the request can be considered appropriately including the views of the preferred schools either prior to the offer date or after. The parent will be informed of the implications of making such a request.

If the request is agreed, their application for the normal age group may be withdrawn before a place is offered. If their request is refused, the parent must decide whether to accept the offer of a place for the normal age group, or to refuse it and make an in-year application for admission to year one for the September following the child's fifth birthday. Where a parent's request is agreed, they must make a new application as part of the main admissions round the following year. Requests to continue working out of normal age group would need to be made whenever the child moves schools.

An admissions panel will make decisions for community and voluntary controlled schools based on the circumstances of each case and in the best interests of the child concerned. (Where preferences are expressed for own admission authority schools, the parent must submit information to each school for consideration.) Consideration will include taking account of the parents' views; information about the child's academic, social and emotional development; where relevant, the child's medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. The views of the head teacher of the school concerned and the child's early years setting will also be taken into account. When informing a parent of the decision on the year group to which the child should be admitted, the parent will be notified of the reasons for the decision and where possible, the decision will be made prior to the offer date for the child's chronological year group.

Where it is agreed that a child will be admitted out of the normal age group and, as a consequence of that decision, the child will be admitted to a relevant age group (i.e. the age group to which pupils are normally admitted to the school) the local authority and admission authority must process the application as part of the main admissions round on the basis of their determined admission arrangements only, including the application of oversubscription criteria where applicable.

The parent has a statutory right to appeal against the refusal of a place at a school for which they have applied. This right does not apply if they are offered a place at the school but it is not in their preferred age group.

Pupils with a Statement of Special Educational Needs or an Education, Health and Care (EHC) Plan

Admissions arrangements for pupils with a statement of special educational need or EHC plan will continue to be managed by the Special Educational Needs Team. Parents are invited to complete the common application form and where identified, preferences will be shared with the Special Educational Needs Team.

Non Wokingham residents wishing to apply for WBC schools

These applicants must use the common application form for their home authority (the authority to whom they pay council tax).

Wokingham residents wishing to apply for non-Wokingham schools

Conversely, application must be made to Wokingham Borough Council in accordance with their timetable and application deadline.

Multiple offers

Multiple offers are eliminated under these arrangements but parents remain free to make applications to the independent sector. There is one exception where a proposed new academy is included in the scheme to enable parents to express a preference for the school. The school will be removed for allocation and offer purposes from the scheme where the Department for Education has not given final approval for the school to open by a date to be agreed with the proposer but by the date specified. In such cases, the applications for the proposed new school will be considered outside the scheme in accordance with Appendix D.

Co-ordination will take place with other local authorities who will be asked to share information on their residents who apply for schools in the Borough and conversely Wokingham will share information on parents living in the Borough applying for schools outside the Borough, in order to ensure where possible, that only one offer will be issued.

Appeals

All applicants who were not allocated a preferred school will be informed of their right of appeal. Appeals against the decision not to admit a child should be sent on the appropriate appeal form within 20 school days from the date of the letter refusing a place. Children's Services will ensure that appeals are arranged for the Borough's community and voluntary controlled schools. The governing bodies of own admission authority schools must determine their own appeal arrangements, although they may choose to do so via the local authority. Applicants will be informed where the admission of additional children would breach the infant class size limit.

The local authority will not consider any further application for admission, nor is there any automatic right to a further appeal for admission within the same academic year (September 1 to August 31) unless there is an **exceptional** situation resulting in a significant change of circumstances relevant to the application.

Appeals are normally heard for the year group applied for, to start in that year group; if a

parent wishes to appeal for the next year group (applicable after the May half-term prior to a September start), a parent will be asked to submit a new application form for that year group. The later application will supersede the previous application. Children's Services can then ensure that there are no new circumstances to take into consideration prior to the issuing of a letter refusing the school place.

Waiting lists

Waiting lists will be maintained by the local authority for its schools where necessary for children not offered a school place at a preferred school until the end of year 2 (infant schools) or year 6 (primary schools) to fill places that may become available during the school year. No account is taken of the length of time spent on a waiting list.

Positions on waiting lists may go up or down due to pupil withdrawals or new or revised applications received; therefore waiting lists will be reviewed and revised:

- Each time a child is added to, or removed from, the waiting list
- When a child's changed circumstances will affect their priority
- When parents respond to periodic requests to see if they wish to remain on the waiting list
- At the end of a school year; should there be a change in the determined oversubscription criteria

Children who are the subject of a direction by the local authority to admit or who are allocated to a school in accordance with a Fair Access Protocol will take precedence over those on a waiting list.

Parents will be asked to inform Children's Services if they wish to remain on waiting lists and will receive requests annually to notify if they wish their child's name to remain on the waiting list for the next academic year. Where no response is received by the deadline, the child's name will be removed from the waiting list. At all other times, it is the responsibility of parents to ensure that the school admissions team is informed in writing if they want their child's name to be removed from the waiting list or if their circumstances have changed from the original application.

When the normal round of admissions closes (August 31) for F2 Reception and transfer to year 3 in a junior school, the waiting list will transfer to own admission authority schools on 31 December 2017, unless the governing body indicates that they want the local authority to hold their lists and there is agreement to this.

Waiting list information will be available in accordance with the published timeline.

Applications made after the closing date but before offer date

The closing date for applications for school places in the normal admission round will be January 15, 2017. Children's Services will, as far as possible, accept applications that are received 'late' for a good reason, e.g. when a single parent has been ill for some time, or a family has just moved into the area or is returning from abroad, provided they are received before January 15, 2017. Changes to existing applications received after January 15, 2017 will be considered as 'late' and considered after the allocation.

If no evidence is provided it will be reasonably assumed that an application could have been made by the closing date and the application will not be processed until after the offer date and main allocation of places.

These late applications will be processed by the date given in the scheme.

Applications made after the offer date but before August 31, 2017

All late applications will be processed by the application of the admissions criteria where necessary. Where possible a place will be offered at a preferred school with places available. If this cannot be achieved a place will be allocated at the designated area school (if there are places available) or the most accessible school to the home address with vacancies if they live in the Wokingham borough. No offer will be made to those children living in outside of the borough as it is the responsibility of the home authority to provide a school place. Parents retain the right of appeal.

Change of preference

Parents who wish to amend their application **before** the closing date will be allowed to do so as long as they put their request in writing to the school admissions team or amend their online application by the closing date.

Parents who wish to amend their application **after** the closing date should put their request in writing to the school admissions team. No consideration will be given to their request until after the offer date.

It should be noted that if an alternative school place has been allocated by the local authority as no parental preference received by the closing date could be met, that any changes of preference can adversely affect access to assistance with school transport.

Admission to Junior Schools

These arrangements will be managed centrally by Children's Services. Using existing data, Children's Services will pre-print application forms for all year 2 pupils, living in the Wokingham borough, registered at Wokingham borough infant schools in October 2016. These forms will be sent to parents via their infant school in November 2016 together with information on schools, timeline and process map and information advising parents where they can access the Parent's Guide to transferring into year 3 of a junior school in Wokingham borough on the website or request a hard copy. Forms will also be available from Children's Services for any other parents living in the Wokingham borough of children in year 2 wishing to apply to transfer to borough junior schools including those on year 2 waiting lists.

Consideration will only be given to any preference expressed for a primary school after the May half-term 2017 in accordance with the in-year co-ordinated scheme.

Parents of children living outside the borough may apply for a Wokingham borough school using the application provided by their home authority.

Parents will apply for a place at a junior school by the same deadline as for first admission to infant and primary schools. Children's Services will issue all offer and refusal letters as detailed in the authority's timetable. Parents will be offered the right of appeal if necessary.

All other details relating to late applications; waiting lists, oversubscription criteria etc. are as detailed in the infant/primary scheme.

Admission to middle schools in other local authorities

These arrangements will be managed centrally by Children's Services. A separate application will be available for parents wishing to apply for a place for a middle school

in another local authority. Each local authority will accept applications in the same way as it would for its own normal admissions round. Co-ordination will be held with the maintaining local authority who will apply their co-ordinated scheme. The maintaining local authority will inform Wokingham Borough Council if a place is to be offered in one of its schools and Wokingham Borough Council will inform the parent of the outcome of the application.

Oversubscription Criteria

Children with statements of special educational needs or an Education Health and Care Plan that name a school in the statement or plan are required to be admitted to the school that is named. The governing body does not have the right to refuse admission.

The following oversubscription criteria in order of priority will be applied when a **community** or **voluntary controlled** school receives more preferences than places available. All preferences will be treated on an equal basis.

- A** 'Looked after children and children who were looked after, but ceased to be so because they were adopted or became the subject of a child arrangements order or special guardianship order' (previously looked after children) (see note 1).
- B** Families who have exceptional medical or social needs as the grounds for their child's admission to a particular school (see note 2).
- C** For junior school applications to transfer to year 3; children who are attending the infant school with close links with the junior school by the deadline for applications.

Junior school	Linked infant school
Emmbrook Junior School	Emmbrook Infant School
Gorse Ride Junior School	Gorse Ride Infant School
Oaklands Junior School	Oaklands Infant School
Polehampton CE Junior School	Polehampton CE Infant School
Robert Piggott CE Junior School	Robert Piggott CE Infant School
St Pauls CE Junior School	Walter Infant School
Shinfield St Mary's CE Aided Junior School*	Shinfield Infant School
Westende Junior School	Wescott Infant School
Willow Bank Junior School	Willow Bank Infant School

*Voluntary aided junior school included for completeness - the school's governing body's admissions policy will apply.

- D** Children whose permanent home address is **inside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school. (See notes 3, 4 and 5)
- E** Children whose permanent home address is inside the schools' designated area. (See note 3)
- F** Children whose permanent home address is **outside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school. (See notes 4 and 5)

G Other children

Note 1

A “looked after child” is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function (see definition in section 22(1) of the Children Act 1989).

A previously looked after child is a child who was looked after by a local authority but ceased to be so because they were adopted, or became the subject of a child arrangements order or special guardianship order. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders). It also includes children who have been provided with child arrangement orders (previously known as residence orders) under the provisions of section 14 of the Children & Families Act 2014 which amends section 8 of the Children Act 1989 and children with a special guardianship order appointing one or more individuals to be a child’s special guardian under section 14A of the Children Act 1989.

Applications received under the Criterion A must be made by the person with parental responsibility for the child (e.g. the child’s social worker, acting on behalf of the local authority for a looked after child) and will need to be supported by the following official documentation, as applicable:

- confirmation by the home local authority that the child is looked after or
- confirmation by the local authority that last looked after the child confirming that the child was looked after immediately prior to the issuing of one of the orders detailed above.

Note 2

When submitting applications under criterion B (exceptional medical or social needs as grounds for a child’s admittance to a particular school), this must be supported by written evidence from an independent professional aware of the case relating to the child, parent/carer or other children living at the same address (e.g. doctor, hospital consultant or psychologist for medical grounds or registered social or care worker, housing officer, the police or probation officer for social needs). This evidence must be specific to the school in question; it must show why that school is the most suitable; what facilities will benefit the child, and why no other school can offer the same support.

Your application cannot be considered if you do not declare that you are applying under this criterion and you do not provide written independent professional evidence. All supporting documentation must be received by 15 January 2017 for consideration prior to the main allocation of places. An admissions panel will consider the supporting evidence provided and will advise the applicant of its decision; the panel’s decision is final. Any evidence received by the school admissions team after 15 January will not be taken into account in the main allocation of places but will if agreed by panel; affect the applicant’s position on a school’s waiting list after offer day.

It should be noted that all schools have the resources to work with special educational needs and common childhood complaints such as asthma or allergies.

Note 3

The designated area for The Coombes CE Primary School has been revised to include a second priority designated area (currently the single designated area for Farley Hill Primary School). Applicants from the first priority designated area and the shared area will be allocated places before those living in the second priority designated area. The tiebreaker will be applied to each area to determine who is allocated a place should there be more applicants than places in either priority areas or the shared area.

Note 4

A sibling is a brother or sister (that is, another child of the same parents, whether living at the same address or not), or a half-brother or half-sister, step-brother or step-sister, or adopted or foster children living at the same address.

F1 siblings attending a school nursery or foundation stage unit cannot be considered under this criterion.

It includes children who at the time of application have a sibling for whom the offer of a place at the preferred school has been accepted, even if the sibling is not yet attending.

In the case of linked infant and junior schools, the application will be treated as meeting criteria D or F if the child's sibling is expected to be at either of the two schools at the time the child would enter the school. At the initial allocation, when a parent is applying for a Reception place at an infant school that has both a feeder and a sibling link to a junior school and that child has a sibling currently attending Year 2 of the infant school but who will have left by the time the younger child starts, the Reception applicant will be considered under the sibling criterion as part of the initial allocation. This is because, due to the feeder link, they will be expected to still have a sibling at the linked junior school at the time of admission and the parent would have made an application expressing their preference to do so.

Note 5

Occasionally a parent with more than one child can express a preference for their designated area school(s) for the older child, but the local authority is unable to meet this preference. The local authority will then allocate a place at a lower ranked preferred school or the closest available school with places. In this case, the parent may then prefer to send younger sibling(s) to the same school as the older child attends. In such instances, the allocated school may be regarded as if it were the designated area school for subsequent siblings and would be treated as meeting criterion C (sibling resident inside the designated area). Parents must notify the school admissions team at the time of application that they consider this exception applies. Where there is an application for the actual designated area school(s), designated area status would still be applied.

The authority has sought to make the above criteria as objective as possible. However for category B and any other cases where judgement is needed as to which criteria the application meets, a panel of at least two officers will consider the application and supporting evidence. The panel's decision and reasons will be recorded, for the purposes of informing the parent and any subsequent appeal.

Tie Breaker

Priority will be given within criterion **C** (linked infant and junior schools) to children living within the designated area, then siblings, before applying the tie breaker below (For tie breaker purposes within criterion C, designated area and siblings are defined as in criteria E and F).

Priority will be given within any of the above oversubscription criteria to the applicant whose permanent home address is nearest to the preferred school in terms of radial (straight line) distance. Distances will be measured consistently and will be measured as a straight line between the Local Land and Property Gazetteer (LLPG) address points for the respective home address and school, using the Easting and Northing for each address point. These are then used to calculate the distance, to three decimal points, between the two address points using a 'direct distance mathematical routine' within the Capita ONE system used by the council's School Admissions Team into which the LLPG address points are imported. This calculates the distance from the values created through this process using Pythagoras' Theorem by measuring the distance in metres between the Easting and Northing for each end address point then multiplied by 0.000621317 to convert to miles. It should be noted that this calculation may not be exactly the same as that created by a Geographical Information System (GIS) product as the GIS product may build in a formula to allow for the curvature of the earth. This curvature does not begin to affect distance values until the distance is least 10 miles.

In the unlikely event that two or more children live at the same distance (measured as stated above) from school (including for example, flats within the same building) and there are fewer places available, random allocation will be used to decide which child will be allocated the remaining place(s). This will be by supervised drawing of lots, carried out by at least two Children's Services staff members.

Designated Area

The designated area for each community and voluntary controlled school is held electronically and can be viewed through the council's website. These electronic maps have been adopted as the definitive descriptions of primary school designated areas for the purposes of admission arrangements and oversubscription criteria.

Living in the designated area does not guarantee a school place, as there may be more applications from parents living in the designated area than places available.

Residency Requirements

Home address

Applications are processed on the basis of the child's single permanent home address living with parent(s) or a carer/legal guardian at the closing date for applications. An address will not be accepted where the child was resident other than with a parent or carer unless this was part of a private fostering or formal care arrangement.

Checks will be made to determine whether an address declared on the application form is that of a second home with the main home being elsewhere. If there are two or more homes, evidence will be required as to which is the main home showing that the other property is either let out on a long term rental (6 months plus), that the property is uninhabitable, or that the address is in the process of being sold and the family live permanently in the declared property. This evidence is required to prove where an applicant was living at the time of making the application.

Reference to council tax records will be made to determine a single address for consideration of a place under criteria C or D. It is for the applicant to satisfy the local authority that they live at the address stated.

After allocation, if an applicant moves from the property they have used in their application to another property which is within or nearer to the designated area of the preferred school; the address of the property they originally owned and declared on application will be the address used for determining their designated area, unless this house has been sold or rented out for 12 months prior to the closing date for applications.

Applicants will be asked to declare that the address used is expected to be their place of residence beyond the date of the pupil starting school. Applicants are required to advise of any change of circumstance at any time prior to the child starting school. If you do not declare such arrangements, or a different address is used on the application where the child does not usually live; it will be considered that a false declaration has been made and it may be decided to decline to offer a place at a particular school, or to withdraw the offer of a place. In deciding whether a place was allocated on the basis of a misleading or fraudulent application, an admissions panel will consider any supporting evidence giving reasons why the move was necessary prior to the child starting school.

It is important to declare if there is to be a change of address prior to the child starting school. If the applicant already own a property which is in the process of being sold, we are able to accept the address of the new property only on submission of the appropriate evidence in support e.g. exchange of contracts letter on both the new property and, where possible, disposal of their current property. The deadline for submission of evidence to support a move is January 15, 2017. If the move takes place later or evidence is submitted later, the local authority will only be able to consider this information after the initial allocation of places has taken place and treat the new address for waiting list purposes.

A temporary address cannot be used to obtain a school place. Temporary addresses will only be considered where evidence is provided of a genuine reason for the move e.g. flooding or subsidence.

The local authority reserves its right to carry out further investigation and require additional evidence and to reject applications or withdraw offers of places, if it believes it has the grounds to do so. In such cases, the applicant will have recourse to putting their application through the independent appeals process.

Split living arrangements

Where a family claims to be resident at more than one address, justification and evidence of the family's circumstances will be required e.g. formal residence order, child arrangements order or legal separation documentation. The application must be completed by the parent, at an address which is owned, leased or rented, where the child lives for the majority of the school week. This is based on the number of school nights a child spends at the home (Sunday night 1800hrs to Friday 0900hrs).

Where there is an equal split or there is any doubt about residence, the School Admissions Team will assess and make a judgment about which address to use for the purpose of the allocation of a school place where necessary requesting further information e.g.

- any legal documentation confirming residence
- the pattern of the residence

- the period of time over which the current arrangement has been in place
- confirmation from any previous school or early years setting of the contact details and home address supplied to it by the parents
- the address where child benefit or other benefit (if applicable) is paid
- where the child is registered with the GP
- any other evidence the parents may supply to verify the position

It is recommended that consensus is reached by both parents and child on the school preferences to be expressed and it should be noted that only one offer letter will be sent to the main applicant unless otherwise requested and agreed by both parents.

The information provided to determine the home address to be used will be considered by an admissions panel of at least two officers and their decision is final.

Applicants from abroad

An application for a school place can be made from applicants applying for a school place for their child from abroad, provided that they can provide evidence of their right of abode. The address used will be the address where the child is living at the closing date for applications unless evidence is provided that the family is returning to a property that they own in the borough by January 15, 2017. Third party written evidence confirming the details and timing of the relocation will be required. Adjustments will be made to any waiting lists, if the family returns later, prior to the start of school. Further advice on the documentation required can be obtained from the School Admissions Team.

Service Families

Families of UK service personnel who are not yet living in the area will be able to make an application if it is accompanied by an assignment order declaring a relocation date and intended address. In the absence of a new home postal address, the authority will use the former Hazebrouck Barracks (co-ordinates: Easting 476869 and Northing 166249) as the postal address to determine distance to a preferred school. A letter from the Commanding Officer or garrison headquarters will be required confirming the living arrangements for families who are being housed at the army quarters at Arborfield but are assigned to another base.

Returning Crown Servants

Families of crown servants returning from overseas to live in the Wokingham borough may apply for a place in advance of their move provided the application is accompanied by an official letter confirming the posting to the UK and the expected relocation date.

Where a parent is unable to provide confirmation of a relocation address, an indication of the area may be provided, narrowed down as far as possible, to which the family intend to return. Preferences will be considered but applications will be considered under criterion G (other children) until the parent is able to provide confirmation of the new address such as proof of exchange of contracts or a signed rental agreement. If a place cannot be offered at a preferred school; no alternative school will be offered until confirmation of the relocation address within the borough is received but the right of appeal will be advised.

It is the responsibility of parents to keep the school admissions team informed of any changes to their planned address during the application process.

Multiple births or children with birth dates in the same academic year

Where the application of oversubscription criteria results in splitting twins or other siblings from a multiple birth in the same school year; places will be offered even if this will result in the school going above admission number.

Where the application of oversubscription criteria results in children with dates of birth in the same school year in the same family, places will be offered even if this will result in the school going above the admission number with one exception; where to do so will result in the school breaching infant class size legislation at Key Stage 1 (e.g. class size must not break 30 children to 1 qualified teacher). In this instance, the places will be allocated by the drawing of lots carried out by at least two Children's Services staff members. In such instances, parents will be offered the place and will need to decide whether they wish their children to be split or consider placement together at an alternative school after allocation.

9 Applications after the normal admissions rounds (In-Year applications)

A separate scheme has been proposed to co-ordinate admissions outside of the normal admissions rounds.

10 Admission Numbers for 2016/2017

PRIMARY SCHOOLS	PUBLISHED ADMISSION NUMBER	Admission No. indicated by Net Capacity Assessment***
Aldryngton Primary School	45	45
All Saints CE Primary School (Aided)**	45	45

Whiteknights Primary School	60	60
Willow Bank Infant School	60	60
Willow Bank Junior School	60	60

Windmill Primary School**	30	-
Winnersh Primary School	60	60
Woodley CE Primary School	45	44

There is no longer a requirement to consult on an increase in admission numbers for individual schools. This table may be amended when admission arrangements are determined, including any school net capacity assessments reviewed during 2015-2016. In some cases, there may be proposals associated with schemes for school expansion which require separate statutory determination. These expansions are subject to separate consultation in parallel with consultation on school admission arrangements. If the school expansions are not approved prior to the determination of the local authority's admission arrangements; the original admission number as stated in this table will be determined, but this may be varied at a later stage (as a permitted variation) to implement the school expansion proposals, if approved. Admission numbers may also be increased by the admission authority after determination where there is due to an unforeseen major change in circumstances.

*These net capacities were carried out prior to the school expansions.

**Own admission authority schools included for completeness but admission numbers will determined by the school's governing body.

***Net capacity assessments are regularly reviewed with schools but include revised numbers were agreed. Net capacity assessments are not included for academies, as the number of places to be provided is determined by the Secretary of State in each academy's Funding Agreement.

****Charvil Piggott Primary School is part of The Piggott School (age range 4-18). The admission number shown reflects the number in the primary phase of the school.

*****Floreat Montague Park Primary School is an Academy which is expected to open in September 2016 included for completeness.

C) CO-ORDINATED ARRANGEMENTS FOR SECONDARY ADMISSIONS FOR ENTRY FROM SEPTEMBER 2017 TO AUGUST 2018

1 Overview of the co-ordinated scheme

The secondary admission arrangements will operate on the basis of the Government's recommended model of an equal preference scheme. This arrangement allows each preference to be considered individually, taking account of the admissions criteria. Where a child can potentially be offered a place at more than one of the preferred schools the single offer is for the school ranked highest by the parent. Information may be exchanged with other authorities if an application is received from an applicant living in that authority or where a Wokingham borough resident expressed a preference for schools outside the borough. In all cases, parents applying to Wokingham Borough Council will receive the offer of a school place on the offer date prescribed in the Council's timetable. If a place cannot be offered at any of the preferred schools, a place will be offered at:

- b) the designated area school (if there are places available) or
- b) the most accessible school with places.

Common application forms and information will be distributed to Year 6 pupils via their primary school, and documentation will be provided by the relevant local authority for their home address. Borough residents can also request to receive an application pack via the council's website.

Borough residents can also make applications online, via the Council's website. These will be treated in the same way as the paper version of the preference form, save for variations reflecting that this is an electronic process. For example, online forms will be submitted and processed by Children's Services, and verification will where possible be done by electronic means (for example, using other data held by the Council). Except where stated otherwise, references to the common application form in this scheme should be taken to refer to both the electronic and paper versions. Where more than one application is received the LA will accept the application with the latest date.

Parents will be asked to express up to **four** preferences in ranked order and to give reasons for these preferences if they wish to do so.

Parents will complete the common application form and return it to Children's Services by the agreed deadline. Acknowledgement cards will be issued with the common application form. Where a parent completes and returns this stamped and addressed, they will receive postal confirmation of the receipt of their form. Children's Services will record receipt of the form and validate the application (checking proof of address by reference to Council Tax records). For online applications, validation where possible will also be electronic, for example by reference to other data held by the Council.

Children's Services will forward all preferences for own admission authority schools within the borough for allocation by their governing bodies, in accordance with their admissions criteria. School admission authorities apply their admission criteria, including any selection tests and these schools will then forward their ranked lists to Children's Services within an agreed timescale.

Children's Services will send other local authorities details of applications for their schools in November 2016. Own admission authority schools apply their admission criteria, including any selection tests, and send their own local authority a list indicating the order in which all children applying have priority by reference to oversubscription criteria.

Children's Services will draw up similar lists for the community schools in the area, applying all preferences on an equal basis. Children's Services will compare the lists for all schools in the area. Where a child qualifies for one of the available places at more than one school Children's Services will provisionally allocate a place at the school ranked highest by the parent in their application.

The lists will be adjusted for any other school for which a preference was expressed, moving another child who was previously not eligible for a place up the list to the provisional place that has been vacated.

By mid-February Children's Services will have received notifications from other local authorities of places that can be offered by schools in their areas in response to preferences expressed by one of their residents.

If a place at a preferred school cannot be offered by Children's Services to cross-border applicants, an alternative place will not be considered as the home local authority will be making an offer.

If Wokingham local authority and another local authority can both offer places, the authorities will determine the place to be allocated on the basis of the ranked preferences. Children's Services will send final lists of pupils to be allocated places to schools in the area.

On March 1, 2017, Children's Services will write to all parents resident in Wokingham Borough who completed an application form, informing them of their child's allocated school place. It will be stated if the offer is being made on behalf of a school that is its own admission authority. If parents have applied online, the results may be viewed. Where a preference cannot be offered, parents will be informed of the reason why and offered the right to appeal the decision.

Those children not offered places at schools ranked higher than the school offered will be placed on a waiting list for the relevant school(s).

Offers will be accompanied by an acceptance form. A facility to accept offers online will be available. Parents will be advised that if they fail to accept an offer of a place by March 15, 2017, the offer will be withdrawn after one further written reminder being issued. This part of the scheme is important in allowing early identification of spare places at oversubscribed schools, which can then be allocated to from waiting lists.

The scheme will not affect the duty of governors of academy, foundation and voluntary aided schools to set and apply their own admission arrangements. Schemes are an administrative process to make school admissions easier, more transparent and less stressful for parents. They are not designed to require all admission authorities in an area to operate the same oversubscription criteria and each local authority (or school governing body where relevant) will determine their own criteria and consult upon them accordingly.

Wokingham Borough Council's scheme for secondary co-ordination will reflect the mandatory requirements of the School Admissions Code.

2 Detailed arrangements of the scheme

Admission outside the normal age group

Children are normally allocated to their chronological year group. Requests from parents for school places outside a normal age group will be considered carefully

whether for gifted and talented pupils or for those who have experienced problems, e.g. having missed education due to ill health, etc.

Each case will be considered on its own merits and circumstances and will only be agreed by a panel of officers from Children's Services where there is consensus between the parents, schools concerned (both current and preferred) and any relevant professionals asked for their opinion by the panel, that to do so would be in the pupil's interests. Parents will be informed of their statutory right to appeal. This right does not apply if they are offered a place in another year group at the school.

Pupils with a Statement of Special Educational Needs or an Education, Health and Care (EHC) Plan

Admissions arrangements for pupils with a statement of special educational need or EHC plan will continue to be managed by the Special Educational Needs Team. Parents are invited to complete the common application form and where identified, preferences will be shared with the Special Educational Needs Team.

Appeals

Parents may appeal for any school where their application has been unsuccessful. All unsuccessful applicants will be informed of their right of appeal. Appeals against the decision not to admit a child should be sent on the appropriate appeal form within 20 school days from the date of the letter refusing a place. Children's Services will ensure appeals are arranged for community schools in the Borough. Own admission authority schools must determine appeal arrangements for their school.

The local authority will not consider any further application for admission, nor is there any automatic right to a further appeal for admission within the same academic year (September 1 to August 31) unless there is an **exceptional** situation resulting in a significant change of circumstances relevant to the application.

Appeals are normally heard for the year group applied for, to start in that year group; if a parent wishes to appeal for the next year group (applicable after the May half-term prior to a September start), a parent will be asked to submit a new application form for that year group. The later application will supersede the previous application. Children's Services can then ensure that there are no new circumstances to take into consideration prior to the issuing of a letter refusing the school place.

Waiting lists

Waiting lists will be maintained by the local authority for all schools where necessary for children not offered a school place at their preferred school until September 30 of year 10 to fill places that may become available during the school year. No account is taken of the length of time spent on a waiting list.

Positions on waiting lists may go up or down due to pupil withdrawals or new or revised applications received; therefore waiting lists will be reviewed and revised:

- Each time a child is added to, or removed from, the waiting list
- When a child's changed circumstances will affect their priority
- When parents respond to periodic requests to see if they wish to remain on the waiting list
- At the end of a school year; should there be a change in the determined oversubscription criteria
- Children who are the subject of a direction by the local authority to admit or who are allocated to a school in accordance with a Fair Access Protocol will take precedence over those on a waiting list.

Parents will be asked to inform Children's Services if they wish to remain on waiting lists and will receive requests annually to notify if they wish their child's name to remain on the waiting list for the next academic year. Where no response is received by the deadline, the child's name will be removed from the waiting list. At all other times, it is the responsibility of parents to ensure that the school admissions team is informed in writing if they want their child's name to be removed from the waiting list or if their circumstances have changed from the original application.

If own admission authority schools have stated that they operate waiting lists in their policies, the waiting list will transfer to the school on 31 December 2017, unless the governing body indicates that they want the local authority to hold their lists and the local authority agrees to this.

Waiting list information will be available in accordance with the published timeline.

Applications made after the closing date but before offer date

The closing date for applications for school places in the normal admission round will be October 31, 2016 for secondary schools. Children's Services will, as far as possible, accept applications that are received 'late' for a good reason, e.g. when a single parent has been ill for some time, or a family has just moved into the area or is returning from abroad, provided they are received before January 15, 2017. Changes to existing applications received after January 15, 2017 will be considered as 'late' and considered after the allocation.

If no evidence is provided it will be reasonably assumed that an application could have been made by the closing date and the application will not be processed until after the offer date and main allocation of places.

These late applications will be processed by the date given in the scheme.

Applications made after the offer date but before August 31, 2017

All late applications will be processed by the application of the oversubscription criteria where necessary. Where possible a place will be offered at a preferred school with places available. If this cannot be achieved a place will be allocated at the designated area or most accessible school to the home address with vacancies. Parents retain their right of appeal.

Co-ordination with other local authorities will continue until August 31, 2017 in order to eliminate multiple offers.

Change of preference

Parents who wish to amend their application **before** the closing date will be allowed to do so as long as they put their request in writing to the School Admissions Team or amend their online application by the closing date.

Parents who wish to amend their application **after** the closing date should put their request in writing to the School Admissions Team. No consideration will be given to their request until after the offer date.

It should be noted that if an alternative school place has been allocated by the local authority as no parental preference, received by the closing date, could be met, changes of preference can adversely affect access to assistance with school transport.

Admission to upper schools (with an entry age after 11) e.g. year 9 or year 10 transfer

These arrangements will be managed centrally by Children's Services. A separate application will be available for parents wishing to apply for a place for schools which have a separate admissions number in year 9 or year 10. Applications will be accepted in the same way as it would for the normal admissions round. Co-ordination will be held with other local authorities where preferences are expressed for schools in their area or for preferences expressed for The Forest School, year 10. The maintaining local authority will inform Wokingham Borough Council if a place is to be offered in one of its schools and Wokingham Borough Council will do likewise if a place can be offered at The Forest School. Wokingham Borough Council will inform its parents of the outcome of their application.

Sixth Form Admissions

As with admissions at statutory school age, parental preference will be met where possible. Admissions are managed by each school locally, but must comply with the School Admissions Code. Wokingham Borough Council has proposed admissions arrangements for community and voluntary controlled schools that include a model sixth form admissions policy. Each school may modify that policy to set out course requirements and criteria i.e. minimum entry qualifications, responsibility for which is currently delegated to schools, together with any additional school-specific information. Policies will be published in individual school prospectuses. Admission numbers are published for sixth form admissions at community schools. The proposed model policy is included as an annex to the co-ordinated scheme (**annexe 3**)

All applicants refused admission to school sixth forms are entitled to appeal to an independent appeal panel.

Oversubscription Criteria (applicable to community secondary schools)

Children with statements of special educational needs or an Education, Health and Care Plan that name a school in the statement or plan are required to be admitted to the school that is named. The admissions authority does not have the right to refuse admission.

The following oversubscription criteria in order of priority have been agreed for applications when a community secondary school (The Bulmershe, The Emmbrook or St Crispin's Schools) receives more preferences than places available. All preferences will be treated on an equal basis.

- A** 'Looked after children and children who were looked after, but ceased to be so because they were adopted or became the subject of a child arrangements order or special guardianship order' (previously looked after children) (see note 1).
- B** Families who have exceptional medical or social needs as the grounds for their child's admission to a particular school (see note 2)
- C** Children whose permanent home address is **inside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school (see notes 3 and 4)
- D** Children whose permanent home address is inside the schools' designated area
- E** Children whose permanent home address is **outside** the schools' designated area and who has a sibling at the school at the time of application; who is expected to be attending the school when the child will enter the school (see notes 3 and 4)
- F** Other children

Note 1

A "looked after child" is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services function (see definition in section 22(1) of the Children Act 1989).

A previously looked after child is a child who was looked after by a local authority but ceased to be so because they were adopted, or became the subject of a child arrangements order or special guardianship order. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders). It also includes children who have been provided with child arrangement orders (previously known as residence orders) under the provisions of section 14 of the Children & Families Act 2014 which amends section 8 of the Children Act 1989 and children with a special guardianship order appointing one or more individuals to be a child's special guardian under section 14A of the Children Act 1989.

Applications received under the Criterion A must be made by the person with parental responsibility for the child (e.g. the child's social worker, acting on behalf of the local authority for a looked after child) and will need to be supported by the following official documentation, as applicable:

- confirmation by the home local authority that the child is looked after or
- confirmation by the local authority that last looked after the child confirming that the child was looked after immediately prior to the issuing of one of the orders detailed above.

Note 2

When submitting applications under criterion B (exceptional medical or social needs as grounds for a child's admittance to a particular school), this must be supported by written evidence from an independent professional aware of the case relating to the child, parent/carer or other children living at the same address (e.g. doctor, hospital consultant or psychologist for medical grounds or registered social or care worker, housing officer, the police or probation officer for social needs). This evidence must be specific to the school in question; it must show why that school is the most suitable; what facilities will benefit the child, and why no other school can offer the same support.

Your application cannot be considered if you do not declare that you are applying under this criterion and you do not provide written independent professional evidence. All supporting documentation must be received by 15 January 2017 for consideration prior to the main allocation of places. An admissions panel will consider the supporting evidence provided and will advise the applicant of its decision; the panel's decision is final. Any evidence received by the school admissions team after 15 January will not be taken into account in the main allocation of places but may if agreed by panel; affect the applicant's position on a school's waiting list after offer day.

It should be noted that all schools have the resources to work with special educational needs and common childhood complaints such as asthma or allergies.

Note 3

A sibling is a brother or sister (that is, another child of the same parents, whether living at the same address or not), or a half-brother or half-sister, step-brother or step-sister, or adopted or foster children living at the same address.

It includes children who at the time of application have a sibling for whom the offer of a place at the preferred school has been accepted, even if the sibling is not yet attending.

Parents may indicate a sibling in year 11 at the school provided it is the intention of the family that the child is due to continue their studies in the sixth form at the school.

Note 4

Occasionally a parent with more than one child can express a preference for their designated area school(s) for the older child, but the local authority is unable to meet this preference. The local authority will then allocate a place at a lower ranked preferred school or the closest available school with places. In this case, the parent may then prefer to send younger sibling(s) to the same school as the older child attends. In such instances, the allocated school may be regarded as if it were the designated area school for subsequent siblings and would be treated as meeting criterion C (sibling resident inside the designated area). Parents must notify the school admissions team at the time of application that they consider this exception applies. Where there is an application for the actual designated area school(s), designated area status would still be applied.

The authority has sought to make the above criteria as objective as possible. However for category B and any other cases where judgement is needed as to which criterion the

application meets, a criterion the application meets, a panel of at least two officers will consider the application and supporting evidence. The panel's decision and reasons will be recorded, for the purposes of informing the parent and any subsequent appeal.

Tie Breakers

Living in the designated area does not guarantee a school place as there may be more applications from parents living in the designated area than places available. Where this is the case, the relevant tiebreaker, as explained above, will be applied to decide which of the applicants can be offered places, and waiting list order.

Priority will be given within any of the oversubscription criteria to the applicant whose permanent home address is nearest to the preferred school in terms of radial distance.

Priority will be given within any of the above oversubscription criteria to the applicant whose permanent home address is nearest to the preferred school in terms of radial (straight line) distance. Distances will be measured consistently and will be measured as a straight line between the Local Land and Property Gazetteer (LLPG) address points for the respective home address and school, using the Easting and Northing for each address point. These are then used to calculate the distance between the two address points using a 'direct distance mathematical routine' within the Capita ONE system used by the council's School Admissions Team into which the LLPG address points are imported. This calculates the distance from the values created through this process using Pythagoras' Theorem by measuring the distance in metres between the Easting and Northing for each end address point then multiplied by 0.000621317 to convert to miles. It should be noted that this calculation may not be exactly the same as that created by a Geographical Information System (GIS) product as the GIS product may build in a formula to allow for the curvature of the earth. This curvature does not begin to affect distance values until the distance is least 10 miles.

In the unlikely event that two or more children live at the same distance or additional distance (measured as stated above) from school (including, for example, flats within the same building), and there are fewer places available, random allocation will be used to decide which child will be allocated the remaining place(s). This will be by supervised drawing of lots, carried out by at least two Children's Services staff.

Designated Areas

The designated area for each school is now held electronically and can be viewed through the Council's website. These electronic maps represent the definitive descriptions of community secondary school designated areas for the purposes of admission arrangements and oversubscription criteria.

Residency Requirements

Home address

Applications are processed on the basis of the child's single permanent home address living with parent(s) or a carer/legal guardian at the closing date for applications. An address will not be accepted where the child was resident other than with a parent or carer unless this was part of a private fostering or formal care arrangement.

Checks will be made to determine whether an address declared on the application form is that of a second home with the main home being elsewhere. If there are two or more homes, evidence will be required as to which is the main home showing that the other property is either let out on a long term rental (6 months plus), that the property is

uninhabitable, or that the address is in the process of being sold and the family live permanently in the declared property. This evidence is required to prove where an applicant was living at the time of making the application.

Reference to council tax records will be made to determine a single address for consideration of a place under criteria C or D. It is for the applicant to satisfy the local authority that they live at the address stated.

After allocation, if an applicant moves from the property they have used in their application to another property which is within or nearer to the designated area of the preferred school; the address of the property they originally owned and declared on application will be the address used for determining their designated area, unless this house has been sold or rented out for 12 months prior to the closing date for applications.

Applicants will be asked to declare that the address used is expected to be their place of residence beyond the date of the pupil starting school. Applicants are required to advise of any change of circumstance at any time prior to the child starting school. If you do not declare such arrangements, or a different address is used on the application where the child does not usually live; it will be considered that a false declaration has been made and it may be decided to decline to offer a place at a particular school, or to withdraw the offer of a place. In deciding whether a place was allocated on the basis of a misleading or fraudulent application, an admissions panel will consider any supporting evidence giving reasons why the move was necessary prior to the child starting school.

It is important to declare if there is to be a change of address prior to the child starting school. If the applicant already own a property which is in the process of being sold, we are able to accept the address of the new property only on submission of the appropriate evidence in support e.g. exchange of contracts letter on both the new property and, where possible, disposal of their current property. The deadline for submission of evidence to support a move is January 15, 2017. If the move takes place later or evidence is submitted later, the local authority will only be able to consider this information after the initial allocation of places has taken place and treat the new address for waiting list purposes.

A temporary address cannot be used to obtain a school place. Temporary addresses will only be considered where evidence is provided of a genuine reason for the move e.g. flooding or subsidence.

The local authority reserves its right to carry out further investigation and require additional evidence and to reject applications or withdraw offers of places, if it believes it has the grounds to do so. In such cases, the applicant will have recourse to putting their application through the independent appeals process.

Split living arrangements

Where a family claims to be resident at more than one address, justification and evidence of the family's circumstances will be required e.g. formal residence order, child arrangements order or legal separation documentation. The application must be completed by the parent, at an address which is owned, leased or rented, where the child lives for the majority of the school week. This is based on the number of school nights a child spends at the home (Sunday night 1800hrs to Friday 0900hrs).

Where there is an equal split or there is any doubt about residence, the School Admissions Team will assess and make a judgment about which address to use for the

purpose of the allocation of a school place where necessary requesting further information e.g.

- any legal documentation confirming residence
- the pattern of the residence
- the period of time over which the current arrangement has been in place
- confirmation from any previous school or early years setting of the contact details and home address supplied to it by the parents
- the address where child benefit (if applicable) is paid
- where the child is registered with the GP
- any other evidence the parents may supply to verify the position

It is recommended that consensus is reached by both parents and child on the school preferences to be expressed and it should be noted that only one offer letter will be sent to the main applicant unless otherwise requested and agreed by both parents.

The information provided to determine the home address to be used will be considered by an admissions panel of at least two officers and their decision is final.

Applicants from abroad

An application for a school place can be made from applicants applying for a school place for their child from abroad, provided that they can provide evidence of their right of abode. The address used will be the address where the child is living at the closing date for applications unless evidence is provided that the family is returning to a property that they own in the borough by January 15, 2017. Third party written evidence confirming the details and timing of the relocation will be required. Adjustments will be made to any waiting lists, if the family returns later, prior to the start of school. Further advice on the documentation required can be obtained from the School Admissions Team.

Service Families

Families of UK service personnel who are not yet living in the area will be able to make an application if it is accompanied by an assignment order declaring a relocation date and intended address. In the absence of a new home postal address, the authority will use the former Hazebrouck Barracks (co-ordinates: Easting 476869 and Northing 166249) as the postal address to determine distance to a preferred school. A letter from the Commanding Officer or garrison headquarters will be required confirming the living arrangements for families who are being housed at the army quarters at Arborfield but are assigned to another base.

Returning Crown Servants

Families of crown servants returning from overseas to live in the Wokingham borough may apply for a place in advance of their move provided the application is accompanied by an official letter confirming the posting to the UK and the expected relocation date.

Where a parent is unable to provide confirmation of a relocation address, an indication of the area may be provided, narrowed down as far as possible, to which the family intend to return. Preferences will be considered but applications will be considered under criterion G (other children) until the parent is able to provide confirmation of the new address such as proof of exchange of contracts or a signed rental agreement. If a place cannot be offered at a preferred school; no alternative school will be offered until confirmation of the relocation address within the borough is received but the right of appeal will be advised.

It is the responsibility of parents to keep the school admissions team informed of any changes to their planned address during the application process.

Multiple births or children with birth dates in the same academic year

Where the application of oversubscription criteria results in splitting twins, other siblings from a multiple birth or siblings born in the same school year; places will be offered, even if this will result in the school going above the admission number.

3 Applications after the normal admissions rounds (In-Year applications)

A separate scheme has been proposed to co-ordinate admissions outside of the normal admissions rounds.

4 Admission numbers for 2017/2018

SECONDARY SCHOOLS	PUBLISHED ADMISSION NUMBER	Admission No. indicated by Net Capacity Assessment**
Bohunt School Wokingham***	180	
The Bulmershe	240	231
The Emmbrook	210	201
The Forest*	200	-
The Holt*	210	-
Maiden Erlegh*	278	-
Oakbank School*	112	-
The Piggott CE*	203*	-
St Crispin's	189	189
Waingels College*	240	220

There is no longer a requirement to consult on an increase in admission numbers for individual schools. This table may be amended when admission arrangements are determined.

In some cases, there may be proposals associated with schemes for school expansion which require separate statutory determination. These expansions are subject to separate consultation in parallel with consultation on school admission arrangements. If the school expansions are not approved prior to the determination of the local authority's admission arrangements; the original admission number as stated in this table will be determined, but this may be varied at a later stage (as a permitted variation) to implement the school expansion proposals, if approved. Admission numbers may also be increased by the admission authority after determination where there is due to an unforeseen major change in circumstances.

*Own admission authority schools included for completeness, this is subject to determination by the individual school governing body / academy trust.

**Net capacity assessments are not included for academies, as the number of places to be provided is determined by the Secretary of State in each academy's Funding Agreement.

***Proposed new school in Arborfield expected to open in September 2016 included for completeness.

D) SCHEME FOR NEW SCHOOL INCLUSION IN CO-ORDINATED SCHEMES

New schools may be included as part of the co-ordinated scheme where requested by the sponsor and with the agreement of the local authority. Parents will have the opportunity of applying for new schools as part of the co-ordinated admissions scheme where initial approval is given by the Secretary of State for Education prior to the production and publication of the Parent's Guide (publication required by 12 September in the year prior to entry).

Parents must apply to Wokingham Borough Council, by including the school(s) as a preference on the application form as part of the co-ordinated admissions scheme. The application must be returned, or submitted online, to Wokingham Borough Council by the national closing dates: January 15, 2017 (primary) or October 31, 2016 (secondary).

Parents living in the Wokingham borough applying online will be able to select the school(s) from the list of names. It will not be possible to select the school by the school number as this is only issued after the signing of the Funding Agreement.

Parents applying for the school living outside the borough, will be able to do so outside the co-ordinated admissions scheme by completing a Wokingham Borough Council paper application and only listing the school as a preference. Preferences for other state-funded (excluding special schools) Wokingham borough schools must be included on the application form available from the home authority.

Applications will be forwarded to the sponsor for ranking purposes in line with the dates within the scheme.

When final approval to open has been given by the Secretary of State for Education made by the issuing of the Funding Agreement prior to March 24, 2017 (primary) or January 29, 2017 (secondary); offers for the schools will be made by Wokingham Borough Council on behalf of the academy trust board of each school on national offer day and parents will be asked to confirm acceptance within 14 days.

If the Funding Agreement is not signed by the above date, the application for any proposed school will then be considered outside the co-ordinated admissions scheme. Preferences expressed for the proposed new schools will not impact on the application to existing schools as part of the application process, other than by using a preference. Parents will receive an offer of an existing established school on the national offer day, taking into account the other school preferences listed on the application form, and parents will be notified separately regarding their application for the proposed new school(s) on the same date. As a result, parents may receive at least two school place offers and parents will be asked to accept or decline the offer for the existing established school place within 14 days. Letters will also be written by Wokingham Borough Council on behalf of the schools to those parents who applied living outside the borough.

Two school place offers may be held until final approval has been given to open. The school admissions team will notify parents holding a provisional place when a final offer can be made and it is at that point that parents will be asked to confirm which school place will be accepted; whether the child is to remain on any other preferred school waiting lists or what alternative arrangements are being made for the child's education. If accepting a place at a new school, the original school allocation will be cancelled and the waiting list will be used to allocate to the vacancy.

Parents living outside the borough will be notified when a final school place offer can be made and if accepted, the local authority will then notify the home local authority of the acceptance.

If unsuccessful, parents will be notified of their right of appeal and given details on how to do so.

E) RELEVANT AREA

There is a statutory requirement for the local authority to set a 'relevant area' for consultation on school admissions matters, and to review this every two years. The relevant area may be either the local authority area, or may be a lesser or greater area, provided that every part of the local authority's area must be covered by one or more such areas.

The local authority has previously decided that the relevant area should be co-terminus with the Wokingham Borough boundary. This is in line with decisions taken by neighbouring unitary authorities. This existing arrangement has worked well and cross border issues have been addressed through reciprocal consultation and in some cases by attending each other's school admissions forums.

Consultation arrangements on the basis of the Relevant Area, taking account of amendments to other legal requirements (introduced under the Education and Skills Act 2008), will be as follows:

Where Wokingham is the admissions authority, the authority will consult on its admission arrangements with:

- Wokingham School Admissions Forum (or alternative body if adopted)
- All Wokingham Borough maintained community and voluntary controlled primary and secondary schools
- All own admission authorities schools within the Wokingham Borough
- All neighbouring Local Education Authorities
- Diocesan Authorities
- Relevant parents
- Other persons in the relevant area who in the opinion of the admission authority have an interest in the proposed arrangements

In turn, where the governing body of a school in the borough is the admissions authority, consultation on admissions arrangements should take place with:

- The local authority
- Wokingham School Admissions Forum (or alternative body if adopted)
- All primary or secondary schools within the borough (except that primary schools need not consult secondary schools)
- Any other local authority whose area comes either within Wokingham's relevant area, or within 8 kilometres of the school if secondary, or 3.2 kilometres if primary
- Diocesan Authorities
- Other persons in the relevant area who in the opinion of the admission authority have an interest in the proposed arrangements
- Relevant parents
