6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework and further guidance is provided in the BCF Planning Requirements document. Please answer as at the time of completion. On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No - in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No - in development' should be used when a condition is not currently being met but a plan is in development to meet this through the delivery of your BCF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition by 31st March 2017.

- Please use column C to indicate when it is expected that the condition will be met / agreed if it is not being currently.

- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.
